

## CITY OF PATASKALA BOARD OF ZONING APPEALS

City Hall, Council Chambers  
621 West Broad Street  
Pataskala, Ohio 43062

### STAFF REPORT

February 9, 2021

#### Conditional Use Application CU-20-012

<b>Applicant:</b>	Major Contracting, Co.
<b>Owner:</b>	Major Contracting, Co.
<b>Location:</b>	6359 Summit Road SW, Pataskala, OH 43062
<b>Acreage:</b>	2.00-acres
<b>Zoning:</b>	M-1 – Light Manufacturing
<b>Request:</b>	Requesting approval of a Conditional Use pursuant to Section 1215.08 of the Pataskala Code to allow for the property to be used as a self-storage facility (NAICS 2007 – 531130).

#### Description of the Request:

The applicant is seeking approval of a conditional use to allow the property located at 6359 Summit Road SW to be used as a self-storage facility utilizing shipping containers as self-storage units (NAICS 2007 – 531130).

#### Staff Summary:

The 2.00-acre property at 6359 Summit Road SW is a corner lot, with frontages on two (2) public rights-of-way; Summit Road SW to the west and Cleveland Road SW to the north. There is also railroad right-of-way along the south border of the property. It is currently occupied by 11,470-square foot commercial building built in 1977, and a 2,160-square foot office built in 2014. The area in front (west) of the office is paved with asphalt, with an access drive running through the railroad right-of-way to Summit Road SW. The remaining acreage is paved with gravel, and there is a 6-foot wood fence along the north and west of the property. Previously, this property was operated as a Truss Factory, however it is currently unused.

The Applicant is requesting approval of a Conditional Use Application to allow for the property to be used as a self-storage facility. The North American Industry Classification System (NAICS) 2007 assigns the use code 531130 for 'Lessors of Miniwarehouses and Self-Storage Units'; establishments primarily engaged in "renting or leasing space for self-storage. These establishments provide secure space (i.e., rooms, compartments, lockers, containers, or outdoor space) where clients can store and retrieve their goods". Pursuant to Section 1251.04(10) of the Pataskala Code 'Lessors of Miniwarehouses and Self-Storage Units' is a Conditional Use in the M-1 – Light Manufacturing District.

As proposed, the Applicant will be using 10-foot by 20-foot Shipping Containers as the self-storage units, with 48 units overall. Seven (7) in the northwest corner of the property; setback from the front property line on Cleveland Road SW 6'10 3/4", and 17'2 1/4' from the front property line on Summit Road SW. There are two (2) sets of containers in the northeast corner. Eight (8) will be set parallel to Cleveland Road SW, 6'10 3/4' from the front property line, and 18' 8 1/2' from the side (east) property line. The next seven (7) will be set back from the front property line on Cleveland Road SW 36' 9 1/4', and 10' from the side (east) property line. The remaining 26 containers will be along the rear property line, adjacent to the railroad

right-of-way. They will setback 10'1 ¼' from the rear property line and 10' from the side (east) property line.

The Applicant will also be replacing the existing six (6) foot tall wood privacy fence, which has been damaged and degrading, with a new six (6) foot privacy fence around the entire property, set back from the property line along Cleveland Road SW 5' 5 ¼' and 6' 3 ½' from the property line along Summit Road SW. Shrubs and trees will be placed in front of the fence, between the fence and the property line.

Per the Narrative Statement submitted by the Applicant for this request: their intention is to convert an existing unused property into a self-storage facility utilizing re-purposed shipping containers as self-storage units. The Applicant is anticipating 40 units of shipping containers. Further stated; the Applicant also believes that there will be no adverse effect to neighboring properties or uses as they will be screened from view by the new fence and shrubs, that the property would be served adequately by public facilities and services, and that traffic into and out of the property would be minimal. No hazardous materials will be stored on site, and the property would use general business hours as to not interrupt neighbors.

**Staff Review:** *The following summary does not constitute recommendations but merely conclusions and suggestions from the Staff Review, the full text of which follows the summary.*

Planning and Zoning Staff:

The Future Land Use (2006) map recommends this property to be 'Office'; Therefore, the proposal *is not* in line with the City's Comprehensive Plan. However, it is currently zoned M-1 – Light Manufacturing.

Pursuant to Section 1251.05(C)(1) of the Pataskala Code requires a front yard setback of 50-feet (when the property has central sewer and water) in the M-1 – Light Manufacturing District. Furthermore, Section 1251.05(C)(4) states that the principal building and its accessory structures shall have the same minimum setback distance from all street right-of-way lines as required for the front yard. As this property has two (2) frontages on a right-of-way, the front yard setback shall be applied from both Summit Road SW and Cleveland Road SW. The side yard setback (east property line) shall be 25-feet per 1251.05(C)(2), and the rear yard setback (south property line) shall be 50-feet per 2351.05(C)(3). As proposed the additional Shipping Containers placed on site will not meet these setbacks, and as such, the Applicant has requested variances (VA-20-022).

Uses within the M-1 – Light Manufacturing District require L2 type screening along any frontage per 1283.07(B). Also stated within this section, for the side and rear property lines: L2 shall be provided if abutting a similar use; L5 if abutting a residential use or district; and L3 if other than residential. The side property line (east) is adjacent to an M-1 – Light Manufacturing zoned construction company. The rear property line (south) is adjacent to M-1 – Light Manufacturing zoned land comprising the railroad and vacant property. L2 shall be required along the frontage of Cleveland Road SW and Summit Road SW, L2 along the side (east) property line, and L2 along the rear property line. Per Section 1283.06 of the Pataskala Code: L2, L3 and L5 type screening shall consist of the following:

- L2: Enough low shrubs to form a continuous three (3) foot high screen, and one tree per 30 lineal feet. A three (3) foot high berm, or wall may be substituted for the shrubs.
- L3: Enough high shrubs to form a continuous six (6) foot high screen, and one tree per 30 lineal feet. A six (6) foot high, 100% opaque fence or wall may be substituted for the shrubs.

- L5: A berm between four (4) and six (6) feet high. If the berm is less than six (6) feet high, low shrubs that meet the L2 standard shall be planted atop the berm to bring it to a total height of six (6) feet. One tree per 30 lineal feet.
- Also pursuant to Section 1283.07, the minimum standards of these may be waived upon presentation of an **equivalent** landscaping plan subject to the approval of Planning and Zoning Staff.

Staff performed a review of the Applicant's concept plan prior to them submitting their concept plan. Staff has revised this review for the site plan included in this Conditional Use Application, which is attached to this staff report. Several items require variances, which are requested in VA-20-022. Those items requiring a variance are identified in the review as **red text**. Comments which the Applicant have been resolved are ~~struck through~~.

Pursuant to Section 1215.09 of the Pataskala Code the approval of a Conditional Use shall become void if such use is not carried out within six (6) months after the date of approval. The Board of Zoning Appeals may grant one (1) extension of a Conditional Use approval for an additional six (6) months.

Planning and Zoning Staff reached out to Licking County Building Code Department regarding whether Shipping Containers were an acceptable building material. The Licking County Building Code Department stated that they *can* be, however there are extra steps that would need to be taken. Notably, the containers must be securely anchored to the ground, and sealed engineer drawings would need to be provided to the Building Code Department for the building permit. Staff reached out to the Applicant with some timeline concerns, especially concerning whether the Applicant could have these drawings ready and approved within the six (6) month time frame. The Applicant believes they will be able to meet the six (6) month deadline.

Additionally, a conditional use permit shall be deemed to authorize only one particular conditional use and said permit shall automatically expire if, for any reason, the conditional use shall cease for more than one year.

#### Licking Heights School District

District applauds them for turning the unutilized property into a business; however, the high fence should cover the shipping containers. Otherwise, they are not very attractive from the attachment shown.

#### Other Departments and Agencies

No other comments were received.

**Surrounding Area:**

Direction	Zoning	Land Use
North	R-87 – Medium-Low Density Residential	Single-Family Homes
East	M-1 – Light Manufacturing	Construction Company
South	M-1 – Light Manufacturing	Railroad Single-Family Homes
West	R-20 – Medium Density Residential	Single-Family Homes

**Conditional Use Requirements:**

According to Section 1215.04 of the Pataskala Code, the Board of Zoning appeals shall consider whether the conditional use at the proposed location:

- 1. Is in fact a conditional use as established under the provisions of Title Three of the Planning and Zoning Code for the specific zoning district of the parcel(s) listed on the application.*
- 2. Will be harmonious with and in accordance with the general objectives or with any specific objective of the City comprehensive plan and/or this Code.*
- 3. Will be designed, constructed, operated, and maintained so as to be harmonious in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area.*
- 4. Will not be hazardous or disturbing to existing or future neighboring uses.*
- 5. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services.*
- 6. Will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community.*
- 7. Will not involve uses, activities, processes, materials, equipment and conditions of operations that will be detrimental to any persons, property, or the general welfare, including but limited to excessive production of traffic, noise, smoke, fumes, glare, odor, potential for explosion, and air or water pollution.*
- 8. Will have vehicular approaches to the property which shall be so designed as to not create an interference with traffic on surrounding public thoroughfares.*
- 9. Will not result in destruction, loss or damage of a natural, scenic, or historic feature of major importance.*

Furthermore, Section 1215.05 allows other factors to be considered, when determining if a conditional use is appropriate. In Staff’s opinion the following factors from Section 1215.05 are applicable to Conditional Use Application CU-20-012:

- None

**Department and Agency Review**

- Zoning Inspector – No comments.
- Public Service – No comments.
- City Engineer – No comments.
- SWLCWSD – No comments.
- Police Department – No comments
- West Licking Joint Fire District – No comments.
- Licking Heights School District – No comments.

**Conditions:**

Should the Board choose to approve the applicant's request, the following conditions may be considered:

1. The Applicant shall obtain all necessary permits from the City of Pataskala and the Licking County Building Department within six (6) months of the date of approval unless an extension Pursuant to Section 1215.09 of the Pataskala Code is granted.
2. The Applicant shall address all comments from Planning and Zoning Staff and the Public Service Director.

**Resolution:**

For your convenience, the following resolution may be considered by the Board of Zoning Appeals when making a motion:

"I move to approve a Conditional Use pursuant to Section 1215.08 of the Pataskala Code for application CU-20-012 ("with the following conditions" if conditions are to be placed on the approval)."

### CU-20-012 Staff Review

6359 Summit Road SW

February 9, 2021

---

#### Chapter 1251 – M-1 Light Manufacturing District

##### 1251.04 Conditionally Permitted Uses

- ~~1251.04(10): All uses marked as "Conditional Uses" in the Light Manufacturing District (M-1) as listed in the NAICS Classification and Zoning District Matrix.~~
  - ~~As described previously, the use as a storage facility would fall under NAICS: 531130 "Lessors of Miniwarehouses and Self-Storage Units" which is a Conditional Use in the M-1 zoning district.~~
    - *Applied for CU-20-012, hearing 02-09-2021*

##### 1251.05 General Requirements of the M-1 District

- 1251.05(C) Setbacks and Yards
  - 1251.05(C)(1): There shall be a front yard of not less than 50 feet in depth.
    - This applies to both north (Cleveland road) and west (summit road) property lines.
    - **North: at minimum, 5' 5 ¼" Variance requested (VA-20-022)**
    - **West: at minimum, 17' 2 ¼" Variance requested (VA-20-022)**
  - 1251.05(C)(2): There shall be a side yard of not less than 25 feet.
    - **East: at minimum, 10' Variance requested (VA-20-022)**
  - 1251.05(C)(3): There shall be a rear yard of not less than 50 feet.
    - **South: at minimum, 10' 1 ¼" Variance requested (VA-20-022)**
  - ~~1251.05(C)(4): The principal building and its accessory structures shall have the same minimum setback distance from all street right of way lines as required for the front yard~~
    - ~~As you have multiple street frontages (Summit Rd SW and Cleveland Rd SW), a 50-foot setback is required from both the north and east.~~
    - ~~Setbacks are measured from the edge of the right of way.~~
- 1251.05(D): The maximum percentage of the total lot area which may be occupied by both principal and accessory buildings for commercial uses shall be 90%.
  - Appears to be compliant but will need square footage calculations to confirm.
- 1251.05(G) All trash and garbage shall be stored in container systems which are located and enclosed so as to effectively screen them from view. Screening of trash and garbage areas shall meet the requirements of Section 1283.06. Container systems shall not be located in front yards.
  - If a dumpster or other trash container is to be used, must not be located within front yards and screened from view. No details provided.
- 1251.05(H): All structures shall have at least 600 square feet per business unit and not be less than 24 feet in width and depth. All structure requirements for the M-1 District are to be determined from outside dimensions, exclusive of porches, garages, and cellars or basements.
  - **New proposed structures comprised of 10x20 containers would not meet this requirement on the 10-foot side. Variance needed (VA-20-022).**

## **Chapter 1279 – Fences**

### 1279.03 Height and Location

- 1279.03(A)(1): A fence or wall not exceeding 48 inches in height may be erected between the building setback line and a line three (3) feet toward the building setback line from the street right-of-way line.
  - Between 3 feet of the R/W and the 50-foot front yard setback, the maximum fence height is 4 feet. Proposed fence height is 8 feet, which is 4 feet over maximum. Variance request VA-20-022.
- ~~1279.03(A)(3): A fence or wall higher than 72 inches may be requested as a variance which would be considered by the Board of Zoning Appeals with notification of adjoining property owners. A living fence shall not be limited by the 72 inch restriction.~~
  - Variance may be requested for fence height, but a living fence may be substituted instead.
- ~~1279.03(A)(4): No fence or wall may be erected within three (3) feet of the street right-of-way line.~~
  - ~~Setback from north right of way 5' 5 1/4", from west 6' 3 1/2".~~

## **Chapter 1283 – Landscaping and Screening**

### 1283.06 Landscaping and Screening Standards

- 1283.06(3) Low Screen (L2)
  - 1283.06(b) Required Material: enough low shrubs to form a continuous 3' high screen, and 1 tree per 30 lineal feet. A 3' high berm or wall may be substituted for the shrubs.
- 1283.06(7): The minimum standards identified in this section may be waived upon presentation of an equivalent landscaping plan to the approval of the Planning and Zoning Department.
  - Meaning, that if you can meet the intent of the L2 code regarding landscaping, modifications can be made. I believe the fence would be a good idea as a substitute.

### 1283.07 Application of Landscaping Standards

- M-1 zoning district requires the following landscaping standards for the:
  - Front: L2.
  - Side: L2 if abutting similar use/district
  - Rear: L2 if abutting similar use/district

---

Jack,

VA-20-022 & CU-20-012 are interesting. The property is located just northeast of the railroad tracks on Summit Road. The company would like to re-purpose the old Truss Factory into self-storage units using 40 shipping containers. I applaud them for turning the unutilized property into a business; however, the high fence should cover the shipping containers. Otherwise, they are not very attractive from the attachment you shared.

**VA-20-026:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines  
*The owners, BuildPRO360 Construction Group would like to resurface the existing gravel lot.*

**VA-20-022:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines  
*The owner, Major Contracting Co would like to reduce the front, side and rear yard setbacks and increase the fence height.*

**CU-20-012:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines  
*The owner, Major Contracting Co would like to re-purpose the old Truss Factory into self-storage units using 40 shipping containers. The property is currently zoned light manufacturing and with the self-storage units, they need to apply for a conditional use permit.*

If my summaries above are correct, the school district does not object.

Let me know if there are questions,

Philip Wagner

Conditional Use Information
Request (Include Section of Code): 1251.04 (10)
Describe the Project: Mini Storage Units using shipping containers.

**Documents to Submit**

**Conditional Use Application:** Submit 1 copy of the conditional use application.

**Narrative Statement:** Submit 1 copy of a narrative statement explaining the following:

- The reason the conditional use has been requested.
- The specific reasons why the conditional use is appropriate as it pertains to Section 1215.04 of the Pataskala Code:
  1. *Is in fact a conditional use as established under the provisions of Title Three of the Planning and Zoning Code for the specific zoning district of the parcel(s) listed on this application.*
  2. *Will be harmonious with and in accordance with the general objectives, or with any specific objective of the City comprehensive plan and/or this Code.*
  3. *Will be designed, constructed, operated and maintained so as to be harmonious in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area.*
  4. *Will not be hazardous or disturbing to existing or future neighboring uses.*
  5. *Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services.*
  6. *Will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community.*
  7. *Will not involve uses, activities, processes, materials, equipment and conditions of operations that will be detrimental to any persons, property, or the general welfare, including but not limited to excessive production of traffic, noise, smoke, fumes, glare, odor, potential for explosion, and air or water pollution.*
  8. *Will have vehicular approaches to the property which shall be so designed as to not create interference with traffic on surrounding public thoroughfares.*
  9. *Will not result in destruction, loss, or damage of a natural, scenic, or historical feature of major importance.*
- Specific standards for conditional uses can be found in Section 1215.05 of the Pataskala Code.
- Wireless Telecommunication Facilities must also meet the requirements outlined in Section 1293.06(B) of the Pataskala Code.

**Site Plan:** Submit 1 copy (unless otherwise directed by staff) of a site plan to scale of the subject property indicating the following:

- All property lines and dimensions
- Location and dimensions of all existing and proposed buildings and structures.
- Setbacks from property lines for all existing and proposed buildings, structures and additions
- Easements and rights-of-way
- Driveways
- Floodplain areas
- Location of existing wells and septic/aerator systems.
- Any other information deemed necessary for the conditional use request

**Deed:** Provide a copy of the deed for the property with any deed restrictions. Deeds can be obtained from the Licking County Recorder's website here: <https://apps.lcounty.com/recorder/paxworld/>

**Area Map:** Submit 1 copy of an area map showing the property and the surrounding area. Area maps can be obtained from the Licking County Auditor's website here: <https://www.lickingcountyohio.us/>

**Signatures**

I certify the facts, statements and information provided on and attached to this application are true and correct to the best of my knowledge. Also, I authorize City of Pataskala staff to conduct site visits and photograph the property as necessary as it pertains to this conditional use request.

## Describe the Project

Our intention is to convert an existing unused portion of land that was previously used as a Truss Factory at 6359 Summit Road SW, Pataskala, Ohio 43073 into a self storage facility. Our vision is to re-purpose shipping containers into self-storage units. Per the enclosed architect rendering, we anticipate placing 40 units within the location. The land would be developed to include shrubbery, trees and new fencing.

- The conditional use is necessary as the property is currently Zoned M1 (Light Manufacturing). “Lessors of miniwarehouses and Self Storage Units” falls under NAICS:531130 as a conditional permitted use.
- Appropriation of Use
  1. Yes, is in fact a conditional use.
  2. Yes, in accordance with general objectives for the area. This property has been unutilized for years and to some extent was a dumping site for passerbys.
  3. Yes, new fencing, landscaping and upkeep of the property to Pataskala Standards.
  4. No hazardous materials will be on site. General business hours for the Storage facility as not to interrupt neighbors/community.
  5. Yes, currently sewer, water, and refuse on site. Will not affect streets/highways.
  6. No public cost. Sales/use tax and property taxes will go to Pataskala.
  7. No, tenants will be screened for their use at the facility.
  8. Traffic will be minimal and no change to traffic patterns along Summit Rd.
  9. No destruction to Nature, historical features, or scenic views.

the said tract, being the westerly line of the tract conveyed to James M. and  
Corinne Faye Garrett by deed of record in Deed Book 591, page 512, South 0°  
53' 30" East, (passing an iron pin found at 0.53 foot and passing a second iron  
pin found at 13.85 feet), 166.03 feet to a railroad spike in a wooden post at the  
southeasterly corner of the said Merrill tract and in the northerly right-of-way  
line of the Baltimore and Ohio Railroad; thence along the northerly right-of-  
way line of the said railroad, South 88° 30' 30" West, (passing an iron pin at  
393.92 feet), 418.92 feet to a railroad spike at the intersection of the said  
right-of-way line with the centerline of County Road No. 26; thence along the  
centerline of the said County Road No. 26, NORTH, 179.0 feet to the place of  
beginning, containing 1.653 acres, more or less.

Subject to all planning, zoning and other governmental land use regulations and  
restrictions, if any, and all easements, leases, street and highway rights of way  
and any and all other conditions and restrictions of record, if any.

The foregoing description being based on a survey and plat thereof made on  
February 13, 1970 by W. H. Mechwart, Registered Surveyor No. 4072.
