

CITY OF PATASKALA BOARD OF ZONING APPEALS

City Hall, Council Chambers
621 West Broad Street
Pataskala, Ohio 43062

STAFF REPORT

February 9, 2021

Variance Application VA-21-004

Applicant:	Josh Wise
Owner:	Josh Wise
Location:	25 Depot Street, Pataskala, OH 43062
Acreage:	0.08-acres
Zoning:	DB – Downtown Business
Request:	Requesting a Variance from Section 1283.07 of the Pataskala Code to allow for an off-street parking lot with reduced perimeter screening.

Description of the Request:

Requesting a Variance from Section 1283.07 of the Pataskala Code to allow for an off-street parking lot with reduced perimeter screening.

Staff Summary:

The 0.08-acre property located at 25 Depot Street is currently vacant, undeveloped land. It has frontage on two public rights-of-way: Depot Street to the north, and Wood Street to the west. There is remnants of an old sidewalk within the right-of-way along the north side of the property, and a fire hydrant at the corner off Wood and Depot streets.

The Applicant is proposing a 14-space surface parking lot, including one handicap accessible space, on the 0.08-acre property. Each parking space will be nine (9) feet wide by 19-feet deep, with the accessible space being 11-feet wide by 19-feet deep with a 6-foot ride access aisle adjacent. Each space shall have a parking block within it, and a 22-foot wide access aisle between parking rows for two-way traffic.

Four (4) foot wide sidewalks will be installed around the north and west perimeters of the proposed parking lot, with six (6) inch curbs. Six (6) feet of the parking lot on the north and west sides is also proposed to extend past the property line and into the City's Right-of-Way. There is a singular access to from the street to the parking lot, 28-feet wide, from Depot Street. The Applicant is also proposing a six (6) foot tall fence between the parking lot and the property directly adjacent to the south, and a small landscape island in the northwest corner of the parking lot. The proposed parking lot would remove one (1) on-street public parking space directly in front of the proposed entrance.

As stated in the Applicant's Narrative Statement, this Section of code requires perimeter landscaping between the property on which the parking lot is located and the property directly adjacent to the east, 21 Depot Street, which the Applicant also owns. The Applicant wishes to do the landscape screening as part of the building renovation of that separate property, instead of on the property on which the parking lot is located.

Staff Review:

The following summary does not constitute recommendations but merely conclusions and suggestions from the Staff Review, the full text of which follows the summary.

Planning and Zoning Staff:

Pursuant to Section 1283.07 of the Pataskala Code, uses within the DB – Downtown Business District shall provide L2 type landscape screening on side yard property lines, and L3 or L4 type landscaping along rear property lines when abutting a residential use. Furthermore, Section 1291.05(A)(3) requires that off-street parking within the DB – Downtown Business District provide L1 type landscaping along street frontages (Depot and Wood Streets), however, the Applicant has already requested a Variance from this section of code (VA-21-001). The side (east) property line abuts a commercial use, so it shall also have L2 type landscaping. The rear (south) property line abuts a residential use, so it shall have L3 or L4 type landscaping. The three (3) possible landscaping types are as follows:

L2: A continuous three (3) foot high shrub screen with one (1) tree per 30 lineal feet. A three (3) foot high berm or wall may be substituted for the shrubs.

L3: A continuous six (6) foot high, 95% opaque, shrub screen with one (1) tree per 30 lineal feet.

L4: A six (6) foot high, 100% opaque, fence or wall with one (1) tree per 30 lineal feet.

The Applicant is proposing to install a six (6) foot high privacy fence along the rear (south) property line, going across the side (east) property line across the entire rear of the adjacent 21 Depot Street, which the Applicant also owns. No other perimeter landscaping is provided for on the property in which the parking lot will be located, however, the Applicant stated in their Narrative Statement that they will provide perimeter landscape screening between the parking lot and the building directly adjacent to the east (21 Depot Street) as part of the renovation of that building. However, as it will not be on the same lot in which the parking lot is located, a variance is required.

Pataskala Utilities

There is a hydrant and hydrant control valve on the corner of Wood and Depot Streets. The concrete sidewalk will not be permitted where the hydrant and valve are located. The hydrant and valve must remain in an area that is not asphalt or concrete. A possible suggestion might be to move the landscaping to be around the hydrant and for the sidewalk to curve along behind the hydrant, but the Utility director is open to discuss any feasible options.

Public Service Director

1. Appears the parking spaces will extend into the public right-of-way on both Depot and Wood Streets. There are no current issues with the plan, but it should be noted that placing this improvement within the right-of-way is at the risk of the owner. In other words, parking in the area is needed, and there are no objections to this project however, the City makes no guarantees that the improvements that are within the right-of-way will be maintained, and may be removed in the future if the needs of the City so dictate.
2. In light of the Utility Director's commentary, the sidewalk at the corner of Wood and Depot Streets will need to be re-routed such that the fire hydrant at this location is not in concrete. This condition must be met, but the proposed improvement would be a benefit to the area, and there is willingness to find a mutually agreeable solution. Coordination with the Public Service Director and Utility Director is recommended.

3. Final Plans shall be provided that show the right-of-way, address the sidewalk, and also show proposed stormwater drainage including routing, inlets and tie-ins to the City infrastructure.

City Engineer

1. The Applicant should ensure the existing drainage pattern is not altered.
2. The City should consider drainage improvements and/or detention be required for the improvements per Chapter 1119.

Other Departments and Agencies

No other comments received.

Surrounding Area:

Direction	Zoning	Land Use
North	DB – Downtown Business	Commercial
East	DB – Downtown Business	Commercial
South	DB – Downtown Business	Single-Family Home
West	DB – Downtown Business	Multi-Family Residential

Variance Requirements:

According to Section 1211.07(1) of the Pataskala Code, the Board of Zoning appeals shall consider the following factors when determining if an area variance is warranted:

- a. Whether the property in question will yield a reasonable return or if there can be a beneficial use of the property;*
- b. Whether there are unique physical circumstances or conditions that prohibit the property being developed in strict conformity with the zoning regulation such that a variance is necessary to enable the reasonable use of the property;*
- c. Whether the variance requested is substantial;*
- d. Whether the essential character of the neighborhood would be substantially altered or the adjoining properties would suffer a substantial detriment as a result of the variance;*
- e. Whether the variance, if granted, will substantially or permanently impair the appropriate use or development of adjacent property;*
- f. Whether the variance, if granted, will be detrimental to the public welfare;*
- g. Whether the variance, if granted, would adversely affect the delivery of government services;*
- h. Whether the property owner purchased the subject property with knowledge of the zoning restriction;*
- i. Whether the property owner's predicament can be obviated through some other method than variance;*
- j. Whether the variance, if granted, will represent the minimum variance that will afford relief and represent the least modification possible of the requirement at issue; and,*
- k. Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting the variance.*

Furthermore, Section 1211.07(2) allows other factors to be considered, including comments from City staff, when determining if an area variance is warranted. The following factors from Section 1211.07(2) are applicable to Variance Application VA-21-004:

- None

Department and Agency Review

- Zoning Inspector – No comments
- Public Service – See attached
- City Engineer – See attached
- Pataskala Utilities – See attached
- Police Department – No comments
- West Licking Joint Fire District – No comments
- Southwest Licking School District – No comments

Conditions:

Should the Board choose to approve the applicant's request, the following modifications may be considered:

- The Applicant shall obtain all necessary permits from the City of Pataskala and the Licking County Building Department within one (1) year of the date of approval.
- The Applicant shall address all comments from the Public Service Director, Pataskala Utilities Director, and City Engineer.

Resolution:

For your convenience, the following resolution may be considered by the Board of Zoning Appeals when making a motion:

"I move to approve a variance from Section 1283.07 of the Pataskala Code for Variance Application VA-21-004 ("with the following conditions" if conditions are to be placed on the approval)."

Subject: BZA Review Memo for 02-09-2021
Importance: High

Good Afternoon Everyone,

You are receiving this email because one or more of the Applications submitted for the February 9, 2021 Board of Zoning Appeals is within your jurisdiction. Please see the list below for which Applications are being submitted for your review.

VA-20-026: Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines

VA-20-022: Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines

CU-20-012: Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines

***VA-20-001:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chris Sharrock, Alan Haines

There is a hydrant and a hydrant control valve on the corner of Wood and Depot. The concrete sidewalk will not be permitted where the hydrant and valve are located. The hydrant and valve must remain in an area that is not asphalt or concrete. A possible suggestion might be to move the landscaping to be around the hydrant and the sidewalk to curve along behind the hydrant, but I am open to discuss any feasible suggestions.

***VA-20-002:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chris Sharrock, Alan Haines

The Utility Department has no comment

***VA-20-003:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chris Sharrock, Alan Haines

The Utility Department has no comment

***VA-20-004:** Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chris Sharrock, Alan Haines

The Utility Department has no comment

VA-20-005: Steven Blake, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chris Sharrock, Alan Haines

The Utility Department has no comment

If you have any comments or concerns regarding these applications, please have them submitted to me by at least January 29th. They will be included in the Staff Report that is given to the Board members.

Note: ‘*’ Applications in reference to same project, Applicant chose to submit a single application per Variance request.

Subject: RE: BZA Review Memo for 02-09-2021
Date: Tuesday, February 2, 2021 4:51:22 PM

Jack,

My comments for the 2-9-21 BZA hearing are as follows:

1. VA-20-026
 - a. Current expansion does not require stormwater controls; however, any future expansion of impervious/semi-pervious area will require installation of stormwater control facilities.
2. VA-21-001/002/003/004
 - a. It appears that the parking spaces will extend into the public right-of-way on both Depot St. and Wood St. There are no current issues with this plan, but it should be noted that placing this improvement in the right-of-way is at the risk of the owner. In other words, parking in the area is needed, and there are no objections to this project; however, the City makes no guarantees that the improvements that are in the right-of-way will be maintained, and may be removed in the future if the needs of the City so dictate.
 - b. In light of the Utility Director's commentary, the sidewalk at the corner of Wood St. and Depot St. will need to be re-routed such that the fire hydrant at this location is not in concrete. This condition must be met, but the proposed improvement would be a benefit to the area, and there is willingness to find a mutually agreeable solution. Coordination with the Public Service and Utility Director's is recommended.
 - c. Final plans shall be provided that show the right-of-way, address the sidewalk, and also show proposed stormwater drainage including routing, inlets and tie-in's to City infrastructure.
3. VA-21-005
 - a. No comment.
4. CU-20-012
 - a. No comment
5. VA-20-022
 - a. No comment

Let me know if questions.

Regards,

Alan W. Haines, P.E.

Subject: BZA Review Memo for February 9, 2021
Date: Sunday, January 31, 2021 7:18:15 PM

Jack

Hull & Associates have reviewed the BZA Review Memo and offer the following comments

1. VA-20-026
 - a. The applicant should ensure the existing drainage pattern is not altered should the variance be approved.
2. VA-21-001, VA-21-002, VA21-003, & VA21-004
 - a. The applicant should ensure the existing drainage pattern is not altered should the variances be approved.
 - b. The city should consider drainage improvements and/or detention be required for the improvements per Chapter 1119.
3. VA-21-005
 - a. We have no engineering related comments on this application
4. CU-20-012
 - a. We have no engineering related comments on this application
5. VA20-022
 - a. We have no engineering related comments on this application

Please let us know if there are any questions regarding our comments. We appreciate the opportunity to provide these services for the city.

Thanks

Scott R. Haines, P.E., CPESC
