**Subject:** BEESON AVENUE VARIANCE APPLICATION  
**Date:** Thursday, June 28, 2018 4:26:31 PM

---

Scott: As we just discussed on the phone, I understand that the notices for the conditional use and the variance applications have been sent for the lot at the corner of Beeson Avenue and 3<sup>rd</sup>. Given the fact revisions to the variance site plan have been made which alter the requested variances, I request that the variance application be tabled on July 10<sup>th</sup> until the next BZA meeting, but that the conditional use application remain on the July 10 agenda.

I will need to discuss the parking information with you so I can make any additional revisions needed before the next notice date for the variance application.

Thanks Scott.

Connie
