City Hall, Council Chambers
621 West Broad Street
Pataskala, Ohio 43062

STAFF REPORT

July 13, 2021

Variance Application VA-21-022

Applicant:	Bradley & Erin Bryant
Owner:	Arykat Ltd. – Donald T. Powell
Location:	Mill Street Road SW (PID: 064-152880-00.004)
Acreage:	+/- 33.92-acres
Zoning:	AG – Agricultural
Request:	Requesting approval of a Variance from Section 1225.05(B) to allow for the creation of an ~18.92-acre lot that will not meet the required minimum lot width at the right-of-way.

Description of the Request:

Requesting approval of a Variance from Section 1225.05(B) of the Pataskala Code to allow for the creation of a new buildable lot that will not meet the required minimum lot width.

Staff Summary:

The 33.92-acre property located on Mill Street Road SW, west of Granville Street and south of the railroad tracks is current unoccupied and used for agricultural purposes. A small creek, not within the floodplain, runs north to south, meandering through the western half of the property. None of the 33.92-acres lies within the flood zone as designated by the Federal Emergency Management Agency (FEMA). The property has frontage along two public rights-of-way; approximately 218-feet along Mill Street Road SW to the south and approximately 40-feet along the end of Granville Street.

The Applicant is proposing to split the 33.92-acre lot in two (2), creating a 15.00-acre lot in the north and an 18.997-acre lot in the south. As the proposed lot split will create two (2) separate lots, neither of which will meet the minimum requirements of the code, a separate Variance application is required for each lot. This application, VA-21-022, is for the southern 18.997-acres. The proposed southern lot will have approximately 218-feet of frontage along Mill Street Road SW. Section 1225.05(B) of the Pataskala Code requires that every lot within the AG – Agricultural District shall have a minimum width of at the right-of-way of 250-feet.

In the Narrative Statement submitted by the Applicant, the purpose of the proposed lot split is to allow for themselves and the Applicant for VA-21-023 to each purchase a portion of the overall 33.92-acres so that they may build single-family homes on the two (2) lots and run small family farms. The Applicant believes the requested Variance, if approved, would not substantially alter the character of the neighborhood as they would keep the properties agricultural in use. Further stated, they also believe the requested Variance would not be detrimental to the public welfare, or adversely affect the delivery of government services. The Applicant did state that they are aware of the zoning restrictions, as they are currently seeking approval of the Variance(s) prior to finalizing purchase of the land.

Staff Review:

The following summary does not constitute recommendations but merely conclusions and suggestions from the Staff Review, the full text of which follows the summary.

Planning and Zoning Staff:

The 33.92-acre property is current zoned AG – Agricultural. As mentioned above, Section 1225.05(B) of the Pataskala Code requires a minimum lot size of 10-acres, and a minimum lot width of 250-feet at the right-of-way. The proposed lot split would create two (2) lots, both of which would meet neither of these requirements. As there will be two (2) separate lots that will not meet the minimum requirements, a variance request is required for each lot, this application being for the “South” lot, and a separate Applicant has also requested variances for the ‘North’ lot, which is under VA-21-023.

The proposed ‘South’ lot will have a minimum lot width of approximately 218-feet at the right-of-way; Therefore, the variance request is for 32-feet, or a 12.8% decrease from the minimum requirement of Section 1229.05(B).

Should the Variance be approved, the Applicant will require a Minor Subdivision Application for the lot split, and a New Residential Construction Application for the new home. The future residence will have to comply with the other requirements of Section 1225.05 of the Pataskala Home in regard to setbacks, dwelling area, etc. From the information provided with the Variance Application, Staff has no other concerns with the proposal.

Pataskala Utilities

Utility Department has no issues with lot split. Mill Street and Granville Street are fed by 4” waterlines, would be adequate for a residence, but not for larger development. Granville Street has an 8” sanitary line stubbed to end of street at property, Mill Street sewer line is about 500-feet to the east.

Licking County Health Department

Property owner has not filed lot split application, and the Health Department has not evaluated property to determine if new lots will be considered buildable for well and septic. Based on lot size, they are likely fine, but this will have to be reviewed.

Other Departments and Agencies

No other comments received.

Surrounding Area:

Direction	Zoning	Land Use
North	AG - Agricultural M-1 – Light Manufacturing	Single-Family Home Railroad
East	R-10 – High Density Residential R-7 – Village Single Family Residential	Single-Family Homes Excavation Business
South	AG – Agricultural	Agricultural
West	AG – Agricultural	Agricultural

Variance Requirements:

According to Section 1211.07(1) of the Pataskala Code, the Board of Zoning appeals shall consider the following factors when determining if an area variance is warranted:

- a. Whether the property in question will yield a reasonable return or if there can be a beneficial use of the property;*
- b. Whether there are unique physical circumstances or conditions that prohibit the property being developed in strict conformity with the zoning regulation such that a variance is necessary to enable the reasonable use of the property;*
- c. Whether the variance requested is substantial;*
- d. Whether the essential character of the neighborhood would be substantially altered or the adjoining properties would suffer a substantial detriment as a result of the variance;*
- e. Whether the variance, if granted, will substantially or permanently impair the appropriate use or development of adjacent property;*
- f. Whether the variance, if granted, will be detrimental to the public welfare;*
- g. Whether the variance, if granted, would adversely affect the delivery of government services;*
- h. Whether the property owner purchased the subject property with knowledge of the zoning restriction;*
- i. Whether the property owner's predicament can be obviated through some other method than variance;*
- j. Whether the variance, if granted, will represent the minimum variance that will afford relief and represent the least modification possible of the requirement at issue; and,*
- k. Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting the variance.*

Furthermore, Section 1211.07(2) allows other factors to be considered, including comments from City staff, when determining if an area variance is warranted. The following factors from Section 1211.07(2) are applicable to Variance Application VA-21-009:

- None

Department and Agency Review

- Zoning Inspector – No comments
- Public Service – No comments
- City Engineer – No comments
- Licking County Health Department – See attached
- Pataskala Utilities – See attached
- Police Department – No comments
- West Licking Joint Fire District – No comments
- Southwest Licking School District – No comments

Conditions:

Should the Board choose to approve the applicant's request, the following modifications may be considered:

- Applicant shall address all comments from the Licking County Health Department
- The Applicant shall obtain all necessary permits from the City of Pataskala and the Licking County Building Department within one (1) year of the date of approval.

Resolution:

For your convenience, the following resolution may be considered by the Board of Zoning Appeals when making a motion:

"I move to approve a variance from Section 1225.05(B) of the Pataskala Code for Variance Application VA-21-022 ("with the following conditions" if conditions are to be placed on the approval)."

Importance: High

Good Morning, Everyone

You are receiving this email because one or more of the Applications submitted for the July 13, 2021 Board of Zoning Appeals is within your jurisdiction. Please see the list below for which Applications are being submitted for your review.

VA-21-022: Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chad Brown, Alan Haines

The property owner has not filed a lot split application with our office. We have not evaluated the property to determine if the new lots will be considered buildable from a well and septic perspective. Based on their proposed size they will likely be fine, but we have not reviewed these proposed lots.

VA-21-023: Chris Sharrock, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chad Brown, Alan Haines

Same comments as above.

CU-21-003: Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines

AP-21-002: Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, Chad Brown, CJ Gilcher, Alan Haines

There is no mention of the shed containing plumbing or being connected to a water source. If this is the case, our office has no jurisdiction regarding the structure.

Notes:

- VA-21-022 and VA-21-023 are for the same parcel, which they would like to split into two (2) lots, both of which will not meet the required minimum frontage along the ROW.

If you have any comments or concerns regarding these applications, please have them submitted to me no later than July 2. They will be included in the Staff Report that is given to the Board members.

Importance: High

Good Morning, Everyone

You are receiving this email because one or more of the Applications submitted for the July 13, 2021 Board of Zoning Appeals is within your jurisdiction. Please see the list below for which Applications are being submitted for your review.

VA-21-022: Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chad Brown, Alan Haines

VA-21-023: Chris Sharrock, Jim Roberts, Bruce Brooks, Doug White, Kasey Perkins, Chad Brown, Alan Haines

The Utility Department has no issue with the lot split itself. It should be pointed out that both Mill Street and Granville Street are fed by 4" waterlines. While this would provide adequate water supply for a residence, a larger development would not have adequate water supply in this portion of our system. As for sanitary service, Granville street does have an 8" sanitary sewer line stubbed up to this property, however the Mill Street sanitary sewer line is located about 500 feet to the east.

CU-21-003: Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, CJ Gilcher, Alan Haines

AP-21-002: Jim Roberts, Bruce Brooks, Doug White, Philip Wagner, Chad Brown, CJ Gilcher, Alan Haines

Notes:

- VA-21-022 and VA-21-023 are for the same parcel, which they would like to split into two (2) lots, both of which will not meet the required minimum frontage along the ROW.

If you have any comments or concerns regarding these applications, please have them submitted to me no later than July 2. They will be included in the Staff Report that is given to the Board members.

Variance Information		
Request (Include Section of Code): Approval to split the parcel #064-152880-00.004, currently 33.92 acres, into two lots of 1) 18.92 acres with access from Mill Street Rd. and 2) 15 acres with access from Granville Street. See site plan.		
Request for approval of the variance of code 1225.05(B) - To allow for the creation of a lot (18.92 acres) that will have less than the minimum width of 250 feet – for the Mill Street Road Frontage. Current frontage is approximately 180 feet, so the variance would be for approximately 70 feet.		
Describe the Project: To split the 33.92-acre parcel into two separate parcels. These will continue to be farmed. Eventually the objective is to build a home on the 3-5 acres of the parcel and continue to have the remaining acreage farmed.		

Documents to Submit

Variance Application: Submit 1 copy of the variance application.

Narrative Statement: Submit 1 copy of a narrative statement explaining the following:

- The reason the variance is necessary
- The specific reasons why the variance is justified as it pertains to Section 1211.07 of the Pataskala Code:
 - a) *Whether the property in question will yield a reasonable return or if there can be a beneficial use of the property without the variance;*
 - b) *Whether there are unique physical circumstances or conditions that prohibit the property from being developed in strict conformity with the zoning regulation such that a variance is necessary to enable the reasonable use of the property;*
 - c) *Whether the variance requested is substantial;*
 - d) *Whether the essential character of the neighborhood would be substantially altered, or adjoining properties would suffer a substantial detriment as a result of the variance;*
 - e) *Whether the variance, if granted, will substantially or permanently impair the appropriate use or development of adjacent property;*
 - f) *Whether the variance, if granted, will be detrimental to the public welfare;*
 - g) *Whether the variance, if granted, would adversely affect the delivery of governmental services;*
 - h) *Whether the property owner purchased the subject property with knowledge of the zoning restriction;*
 - i) *Whether the property owner's predicament can be obviated through some other method than variance;*
 - j) *Whether the variance, if granted, will represent the minimum variance that will afford relief and represent the least modification possible of the requirement at issue; and,*
 - k) *Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting the variance.*

Site Plan: Submit 1 copy of a site plan to scale of the subject property indicating the following:

- All property lines and dimensions
- All existing and proposed buildings and structures.
- Setbacks from property lines for all existing and proposed buildings, structures and additions
- Easements and rights-of-way
- Driveways
- Floodplain areas
- Location of existing wells and septic/aerator systems.
- Any other information deemed necessary for the variance request

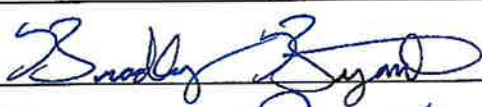

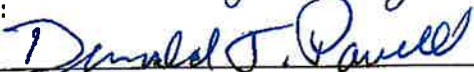

Deed: Provide a copy of the deed for the property with any deed restrictions. Deeds can be obtained at www.lcounty.com/rec.

Address List: Submit 1 copy of a list of all property owners and addresses of those owning property within 200 feet or two parcels from any point on the subject property line, whichever creates more property owners. This list must be in accordance with the Licking County Auditor's current tax list and must be submitted on mailing labels.

Area Map: Submit 1 copy of an area map from the Licking County Engineer's office showing the area encompassed by the address list. Area maps can be obtained at www.lcounty.com/taxparcelviewer/default.

Signatures

I certify the facts, statements and information provided on and attached to this application are true and correct to the best of my knowledge. Also, I authorize City of Pataskala staff to conduct site visits and photograph the property as necessary as it pertains to this variance request.

Owner: 	Date: 5.31.2021

Mill Street – Bryant, Bradley – Narrative Statement

Narrative Statement: Submit 1 copy of a narrative statement explaining the following:

- The reason the variance is necessary
 - We would need the variance to split the property (parcel #064-152880-00.004) into two separate lots with two separate accesses (one via Mill St. and the other via Granville St.) We also need the approval of the variance of code 1225.05(B) to allow for the creation of a lot that will have less than the minimum width of 250 feet – for both the Mill Street Road Frontage and the Granville Street Road Frontage of the property. We hope to maintain the agricultural use and zoning of the land. See further narrative in the form of a letter to the board on the following page.
- The specific reasons why the variance is justified as it pertains to Section 1211.07 of the Pataskala Code:
 - a) *Whether the property in question will yield a reasonable return or if there can be a beneficial use of the property without the variance;*
 - We feel this project will yield a reasonable return for the community as it will continue agricultural use of the property and maintain a countryside manor to the property vs. other future development possibilities.
 - b) *Whether there are unique physical circumstances or conditions that prohibit the property from being developed in strict conformity with the zoning regulation such that a variance is necessary to enable the reasonable use of the property;*
 - The primary variances need are related to the variance of code 1225.05(B) to allow for the creation of a lot that will have less than the minimum width of 250 feet – for both the Mill Street Road Frontage and the Granville Street Road Frontage of the property.
 - c) *Whether the variance requested is substantial;*
 - Yes, the variance needed for the creation of the lot on Granville Street would need a variance of approximately 210 feet as the current access is approximately 40 feet.
 - The variance needed for the creation of the lot on Mill Street would need a variance of approximately 70 feet as the current access is approximately 180 feet.
 - d) *Whether the essential character of the neighborhood would be substantially altered or adjoining properties would suffer a substantial detriment as a result of the variance;*
 - No, we do not believe so.
 - e) *Whether the variance, if granted, will substantially or permanently impair the appropriate use or development of adjacent property;*
 - No, we do not believe so.
 - f) *Whether the variance, if granted, will be detrimental to the public welfare;*
 - No, we do not believe so.
 - g) *Whether the variance, if granted, would adversely affect the delivery of governmental services;*
 - No, we do not believe so.
 - h) *Whether the property owner purchased the subject property with knowledge of the zoning restriction;*
 - Yes, we are seeking the zoning approval in advance of finalizing purchase of the property.
 - i) *Whether the property owner's predicament can be obviated through some other method than variance;*
 - Not known.
 - j) *Whether the variance, if granted, will represent the minimum variance that will afford relief and represent the least modification possible of the requirement at issue; and,*
 - Yes, based on consultation with City officials, we were directed that this is the best approach to this project.
 - k) *Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting the variance.*
 - Yes, we believe so.

To the Pataskala Zoning Board,

Regarding the 33.92-acre parcel of land on Mill Street (parcel #064-152880-00.004), we wanted to communicate how this land perfectly fits our family. We have lived in Pataskala for the last 12 years on the other side of downtown in Bright Waters. We have often run or biked down Mill Street and admired the land and the beautiful countryside. We recently realized that mutual family friends of ours (the Williams') had also been looking at one of the parcels as they live just off of Granville Street directly next to the back portion of the remaining parcel north of Mill St. Our goal would be to purchase the parcel with them so we could split it into two small family farms and continue to maintain the agricultural use, the countryside manor of the property, and eventually build our "Forever Homes" for our growing families.

We adopted two baby boys at birth in 2013, and 2014 and little did we know that at the time of the birth of our second child, my wife was pregnant with our third (a baby girl). Our family grew from 2 to 5 in the span of 20 months. Our current home served us well for those first years as a family, but we were lucky to add our 4th child, a baby boy, in July of 2019. So as our family has grown and our children have grown, we have started to out-grow our current home.

We have taken our children to see the land and they have also fallen in love. They are fixated on the creeks, wildlife, and opportunity the land provides for them to raise animals and participate in 4-H. Since we started a family, we have always wanted land, but struggled because we loved living in Downtown Pataskala, which is what makes this such a good fit. We are able to stay close to downtown Pataskala, the community that we love, but also have land and the opportunity to create a small farm. Lastly, the school district is very important to us and Southwest Licking (SWL) is the district we are currently in and want to be in for the future.

The mother of the family graduated from Watkins Memorial (with her brother and sister) and grew up in the area and attended the Historic Pataskala Elementary school, which we hope to also send our children. We and our children are already very active in the SWL district. Our sister-in-law is a teacher here and we feel very strongly about the district and want to keep our children in it. We certainly love the property and feel it is the perfect place for the "Forever Home" for our large family.

We appreciate your consideration on the zoning. We hope (along with the Williams) to work with the City of Pataskala to develop a plan that equitable to all parties. So, in summary, we are very excited about the opportunity of this property. Please let us know of any questions.

Thank you for your consideration,

The Bryant Family - Bradley, Erin, Cullen, McBride, Brindley, and Brooks

Plat of Survey

BEGINNING, FOR REFERENCE, AT AN IRON PIN FOUND MARKING THE SOUTHWEST CORNER OF LOT 165 IN JOSEPH AND PETERS ADDITION AS RECORDED IN PLAT BOOK 1 PAGE 114, THENCE WITH THE OLD PATASKALA CORPORATION LINE S 05°09'59" E 1002.63 FEET TO A RAILROAD SPIKE FOUND IN THE CENTERLINE OF MILL STREET, THENCE WITH THE CENTERLINE OF SAID STREET THE FOLLOWING SIX (6) COURSES AND DISTANCES:

- 1) S 54°51'49" W 56.95 FEET TO A POINT:
- 2) S 61°32'43" W 161.79 FEET TO A POINT:
- 3) WITH A CURVE TO THE RIGHT WITH A RADIUS OF 725.67 FEET AND A DELTA OF 14°32'47" AND A CHORD OF S 75°06'12" W 183.74 FEET TO A POINT:
- 4) S 83°52'26" W 36.52 FEET TO A POINT IN A BRIDGE DECK OVER MUDDY FORK CREEK:
- 5) S 83°11'36" W 26.81 FEET TO A POINT:
- 6) S 83°11'35" W 176.76 FEET TO A POINT SAID POINT BEING THE NORTHEAST CORNER OF THE PARCEL HEREIN TO BE DESCRIBED:

THENCE, LEAVING SAID ROAD, S 05°46'14" E 1168.34 FEET TO AN IRON PIN SET, SAID POINT BEING THE SOUTHEAST CORNER OF THE PARCEL HEREIN TO BE DESCRIBED:

THENCE, S 83°56'13" W 1966.55 FEET TO AN IRON PIN SET IN THE EAST LINE OF A PARCEL CONVEYED TO JOHN E. AND ANNE V. HOHMANN AS RECORDED IN DEED VOLUME 824 PAGE 1029, SAID POINT BEING THE SOUTHWEST CORNER OF THE PARCEL HEREIN TO BE DESCRIBED:

THENCE, WITH THE EAST LINE OF THE HOHMANN PARCEL AND THE EAST LINE OF A PARCEL CONVEYED TO CARL K. AND DEANNA J. ROSHONG AS RECORDED ON OFFICIAL RECORD 634 PAGE 497 & 499, N 05°47'23" W 630.94 FEET TO AN IRON PIN SET MARKING THE SOUTHWEST CORNER OF A PARCEL CONVEYED TO PAUL E. AND DORA C. DONAVAN AS RECORDED IN DEED VOLUME 510 PAGE 211 AND DEED VOLUME 534 PAGE 174 AND DEED VOLUME 594 PAGE 529:

THENCE, WITH THE SOUTH LINE AND THE EAST LINE OF SAID DONAVAN PARCELS THE FOLLOWING THREE (3) COURSES AND DISTANCES:

- 1) N 82°10'37" E 203.50 FEET TO AN IRON PIN SET:
- 2) N 84°37'54" E 211.46 FEET TO AN IRON PIN SET:
- 3) N 05°22'23" W 534.14 FEET TO A POINT IN THE CENTERLINE OF MILL STREET, SAID POINT BEING THE NORTHWEST CORNER OF THE PARCEL HEREIN TO BE DESCRIBED, PASSING OVER AN IRON PIN SET AT 504.14 FEET:

THENCE, WITH THE CENTERLINE OF SAID ROAD N 83°57'50" E 544.08 FEET TO A POINT MARKING THE NORTHWEST CORNER OF A PARCEL CONVEYED TO ELIZABETH A. POWELL AS RECORDED IN OFFICIAL RECORD 773 PAGE 15:

THENCE, LEAVING SAID CENTERLINE AND WITH THE WEST LINE OF THE POWELL PARCEL, S 06°02'10" E 313.50 FEET TO AN IRON PIN SET, PASSING OVER AN IRON PIN FOUND AT 29.40 FEET:

THENCE, WITH THE SOUTH LINE OF THE POWELL PARCEL, N 83°57'50"
E 278.15 FEET TO AN IRON PIN SET:

THENCE, WITH THE EAST LINE OF THE POWELL PARCEL, N 06°02'10" W
313.50 FEET TO A POINT IN THE CENTERLINE OF MILL STREET, PASSING
OVER AN IRON PIN FOUND AT 284.10 FEET:

THENCE, WITH THE CENTERLINE OF SAID ROAD THE FOLLOWING TWO (2)
COURSES AND DISTANCES:

- 1) N 83°57'50" E 701.00 FEET TO A POINT:
- 2) N 83°11'35" E 25.00 FEET TO THE PLACE OF BEGINNING. THE
PARCEL AS SURVEYED CONTAINS 45.6466 ACRES OR 1,988,365 SQUARE FEET
MORE OR LESS. SUBJECT TO ALL LEGAL EASEMENTS AND RIGHT-OF-WAYS OF
RECORD.

THE BEARINGS OF THE ABOVE DESCRIBED PARCEL ARE BASED ON THE
BEARINGS OF THE 13.009 ACRE PARCEL AS DESCRIBED IN OFFICIAL RECORD
499 PAGE 320 AND BEING SURVEYED BY CURRY WILLIS & GROVE, INC., IN
DECEMBER OF 1992.

ALL IRON PINS SET ARE 5/8" O.D. REINFORCING BARS WITH YELLOW
CAPS LABELED "DENNIS P. HAGAN, #6917".

THE ABOVE DESCRIPTION IS BASED ON A FIELD SURVEY DONE UNDER THE
SUPERVISION OF DENNIS P. HAGAN, P.E., P.S., OHIO REGISTERED
SURVEYOR #6917 ON APRIL 3, 1996.
