To Whom It May Concern:

I'd like to express my interest in continuing to be a member of the Planning and Zoning Commission. I have learned a tremendous amount in a short period of time. I enjoy working with the other Commission members, as well as, the staff that manages the Planning and Zoning Department for the City of Pataskala. I believe our work is important as Pataskala continues to grow at a rapid rate. My goal is to be professional, thoughtful, kind, and a good listener to the thoughts of the residents of Pataskala while ensuring that the Pataskala Code and the Comprehensive Plan are followed. Thank you for your consideration.

Sincerely,  
Brian Wilkinson
