

February 6, 2023

Dear valued customer,

The Ohio EPA requires that the City of Pataskala conduct a survey of its existing customers on a five-year basis. This survey is to ensure that no new, previously unidentified, or increased hazards to the Public Water System exist.

We need your assistance in order to maintain compliance with the EPA regulations that govern our water supply system. The survey form can be found on the reverse side of this letter. Please fill out the survey and return it to the Pataskala Utility Department. Completed surveys can be mailed to or dropped off at the Utility Department Offices located at 430 South Main Street in Pataskala, or can be emailed to the Utility Director at csharrock@ci.pataskala.oh.us

This requirement is specified by the Ohio EPA and not the City of Pataskala.

This form must be signed and returned to the Pataskala Utility Department by March 31, 2023. Failure to do so could result in discontinuation of your water service.

If you have any questions or comments, please don't hesitate to reach out to the Pataskala Utility Department billing office at 740-964-6275 or to the Pataskala Utility Director, Chris Sharrock, at the contact listed below.

Sincerely,

Chris Sharrock Utility Director

City of Pataskala
