To whom it may concern,

I would like to express my interest in the open position on the Parks Advisory Board. I feel that my 15 years of experience in the green industry and current role as Grounds Superintendent for Reynoldsburg Parks and Rec will be a valuable addition to the parks board. I have volunteered in the parks and the pool facility in the past and I am very community focused. This is evident by my involvement in the Pataskala Lions Club and the numerous community events the club participates in. Parks are a valuable resource and infrastructure vital to the community contributing to quality of life and increased property values. Please refer to my resume for more details on my qualifications.

I appreciate you consideration.
