

City of Pataskala Utility Department
Nathan W. Coey, Utility Director

➤ **Director Update**

- **Water Emergency Contingency Plan**
 - We are updating our emergency plan to include updates required by the OEPA in 2017.
 - In conjunction with the emergency plan, we are updating our Water Treatment and System Standard Operating Procedures.
- **Creek Road Water Main Project**
 - Strand has started survey work the week of September 11, 2017.

➤ **Water Department**

- I am waiting for a quote from Suez Water regarding the needed repair at the Southeast Tower along with a budgetary quote for painting the Beechwood Trails Tower #1.
 - This is the only contractor to respond to my requests for service and quotes for repairs.

➤ **Water Reclamation Department**

- The conveyor for biosolids stacking is in operation and working well.
- We have completed a trial run of a rotary fan press at the WRF by 'Fournier'. A trial run with the 'BDP' belt filter press is currently under way. We have an Ohio press manufacturer scheduled for the last week of September (Or-Tec).
 - During the trial runs we are collecting a great deal of data through laboratory testing. We are focused on finding a unit that meets our current and future needs with a focus on phosphorus removal.

➤ **Billing Department Update**

- Nothing to report.

Nathan W. Coey, Utility Director
