Subject: Personnel Board of Review Committee

Mayor Compton

I have attached a letter of interest to serve on the Personnel Board of Review. I have included a letter of interest and a copy of a brief resume.

Tim Powell

1-8-17

Mayor Mike Compton

Mr. Mayor:

I have been a resident of the City of Pataskala of almost 22 years. I have seen this city grow and make many changes. Many of those changes have been for the positive. This has been a good community to finish the raising of our children and it is great to see them begin to take leadership within the city. For a very long time I have considered looking for an opportunity to become involved in the city but I wanted to make sure that it would be in an area that I actually make a positive contribution.

I have noticed that there is a need for someone to serve on the Personnel Board of Review. I have more than 30 years of Church and Para-church experience which has given me the opportunity to work with people from all walks of life from all sorts of circumstances. Admittedly I don't have a lot of experience understanding employment laws and many of those processes. Yet I do know how to work with a wide variety of people. I have been involved in the hiring process as well as the dismissal process. I have recruited, trained and managed employees and many volunteers. I have even had the unfortunate responsibility of dismissing volunteers.

Perhaps one of the better experiences that I have had is that of confidentiality. As a Pastor I was involved in many situations that required this and those situations remain unspoken about, even to my closest family members.

The one concern that I would have is that there could be a conflict of interest with me serving on this committee and Michael serving as a councilman. If that would even be a question that could be raised then I would want to withdraw my name from consideration immediately. My intention is to find an opportunity to serve this city but to do so in a manner that I could make a meaningful contribution.

Timothy M. Powell
