

City of Pataskala

Request for Proposals (RFP)

The City of Pataskala is seeking professional municipal engineering services. The City annually enters into a retainer agreement with a firm for these services. The services will be for calendar year 2020.

Said Services shall include construction inspection of roadway, drainage, wastewater treatment, sanitary sewer & water infrastructure systems and improvements, for municipal, commercial and residential projects. Other areas of expertise being sought include design, grant procurement, surveying, transportation studies, local street maintenance & inventory management, energy management, environmental and general municipal engineering.

Proposals will be received by the City at the office of the City Administrator, located at 621 W. Broad Street, Suite 2B, Pataskala, Ohio until 4:00 p.m. (EST) on:

Friday, December 27, 2019

Each proposal shall, at a minimum, contain complete contact information, historical information about the firm, detailed statement of qualifications including past projects, and at least three municipal / public sector references. Any firm wishing to submit proposals in response to the RFP should submit charges or proposes to charge to provide general municipal civil engineering services to the City of Pataskala. Included in this proposal is a draft of the retainer agreement to assist with preparation of your submittal.

The City reserves the right to reject any and all proposals, and to waive technical defects as the interest of the City may require.
