Mayor Michael Compton,

Sir:

I am providing this letter and accompanying resume to indicate my continued interest in the position for the Planning and Zoning Commission opening as posted on the Pataskala web site.

I continue to be keenly interested in land use and development, and long-range planning strategies as they affect the community. This interest stems from having watched the changes that have taken place since the merger and continue to change as we increase in population, temperament, and interests. I have the time to give and the desire to continue being an active participant in making Pataskala a vibrant place to live, work and enjoy.

Sincerely,

*Anne Rodgers*
