Kathy Hoskinson  
Office of the Clerk of Council  
City of Pataskala

To Pataskala City Council,

I am writing to indicate my interest in serving on the Planning and Zoning Commission of the City of Pataskala. As a Pataskala native, I am dedicated to preserving its agrarian roots and maintaining its small-town appeal, even as it grows to meet the demands of modern life.

I have a background in both the social and natural sciences, which affords me a comprehensive skill set that is valuable to understanding and evaluating community land use issues. My education focused on social factors related to community development, particularly those in rural areas with agrarian origins. I have worked for many years in research pertaining to social issues at the local, state, and national levels, as well as in institutional strategic planning. I am a proponent of informed decision making, with respect to empirical knowledge, best practices, social impacts, and adherence to regulation and policy.

In addition to training and experience I am a life-long learner and enjoy solving problems. I believe in asking questions, collaborating with and learning from others, and acting with integrity.

I welcome the opportunity to help preserve the public good and serve the community in which I was born and raised.

Thank you for your consideration.

Sincerely,  
Holli Kendall
