Mayor Michael Compton and City Council

RE: SWLCWSD Board Member Position

Dear Mayor and Council Members,

Thank you for the opportunity to submit this letter of interest and resume for your consideration of re-appointment as the City of Pataskala appointee to the Southwest Licking Community Water and Sewer District Board of Trustees.

I have served in local government capacities for over 22 years. I began my public career in the Jefferson Township, Franklin County service department in 2000, where I was promoted to the Parks Coordinator position to focus on grant writing and park space development. I was hired as the Township Administrator for Etna Township, Licking County in June of 2013, where my focus was on economic and community development, business retention and expansion, and zoning and land use functions. In November 2016, I transitioned to the Licking County Planning and Development Department as the Community Development and Compliance Planner. In June of 2018 I joined the Delaware County Economic Development office as its Administrator. I currently serve as the Administrator for Jersey Township, Licking County, Ohio, as well as, serve as your appointee to the Board of Trustees of the Southwest Licking Community Water and Sewer District. My experience has provided the opportunities for me to gain valuable knowledge of and experience with public infrastructure, government finance, tax incentive and abatement programs, grant funding, service to residents, and community stakeholder partnerships and planning. Additionally, I have gained extensive knowledge of infrastructure needs and projects. I enjoy collaboration and establishing partnerships and am always looking for ways to better serve the community's residents.

I look forward to an opportunity to interview with you and discuss the progress that has been made over the last three years, as well as, discuss the needs coming over the next three years.

Thank you for your consideration,

Rob Platte
