TO: City Council Members<br>Mike Compton, Mayor<br>Tim Hickin, City Administrator<br>Jennifer Dennis, Assistant Finance Director<br>FROM: Jamie Nicholson<br>DATE: May 6, 2024<br>RE: $\quad$ April 2024 Financial Condition Report

James M. Nicholson Finance Director
Finance Department

April was another busy month in the Finance department. During the month, we accomplished the following: (1) completed the development of the 2023 ACFR document - including the transmittal letter, Management's Discussion \& Analysis, and the statistical section; (2) led the Ohio GFOA's 'Introduction to the Finance Office' seminar held in Mifflin Township which had approximately 50 new fiscal officers in attendance; (3) continued to support the Utility department's DEFA loan application process for the WRF expansion planning process; (4) prepared and submitted the capital lease paperwork required for the purchase of the Public Service department's single-axle dump truck; (5) successfully completed the financial reporting required by the ARPA grant program; (6) held a successful bid opening for the Headley's Mill Bridge Replacement project; and (7) processed onboarding for multiple Parks \& Recreation seasonal employees.

The month of May will also be a very busy month. In addition to providing routine payroll and accounts payable services, we also plan to: (1) support the auditor's on-site and/or virtual fieldwork; (2) begin the development process for the 2023 Popular Annual Financial Report (PAFR) document; (3) begin updating the 2025 budget schedule and worksheets; (4) implement online capital budgeting (CIP) system and provide operational training to senior staff; and (5) identify investment strategies to manage the city's investment portfolio in an extremely low but rising interest rate.

## REVENUE/RECEIPTS

I am pleased to present this report on the financial condition of the city as of April 30, 2024. On a year todate (YTD) cash basis, the city has collected approximately $\$ 9.78$ million in total revenue from all sources, or $36.19 \%$ of the full-year budget. This total is overstated, however, due to: (1) $\$ 1.62$ million in interfund transfers that were made in February; and (2) property tax/TIF PILOT revenues of $\$ 1.29$ million received in March; and is understated by (3) $\$ 281.1$ thousand in grant funding not yet received; and (4) \$4.0 million in debt issuances that haven't yet occurred. Excluding those items would result in a YTD collections rate that is equal to $35.27 \%$ of budget, still above budget but much closer to the straight-line rate of $33.33 \%$.

Income tax collections for the month of April

## Income Tax Collections - All Funds

were $\$ 786.5$ thousand (equal to $8.88 \%$ of budget) and were $\$ 114.7$ thousand (17.07\%) higher than last year when compared to April 2023. Total year to-date collections are approximately $\$ 2.78$ million (31.41\% of budget) and, when compared to an April 2023 YTD total of $\$ 2.51$ million, are $\$ 276.0$ thousand (11.01\%) higher. The fullyear budget is currently projected to be $\$ 8.86$ million, an increase of $\$ 449.5$ thousand, or $5.34 \%$ over FY 2023 collections. It is important to note that the April 2023 collections to-date were equal to $29.81 \%$ of the full-year 2023 collections, and in 2022, the rate was equal to $30.31 \%$ of FY 2022 collections. We will monitor the revenue collections rate closely and will modify the projections once we have confidence in the actual collections rate.

The city received its first-half 2024 property tax settlement from Licking County in the month of March. Total property taxes received to-date are $\$ 1.29$ million and are $\$ 377.9$ thousand ( $41.61 \%$ ) higher than the same period in 2023. The 2024 budget in this line is $\$ 1.87$ million ( $7.07 \%$ of the all-funds revenue budget) and is projected to be up by $\$ 64.2$ thousand ( $3.56 \%$ ) from FY 2023 receipts.

Intergovernmental revenues represent one of the other more significant revenue categories for the city. They reflect funding received by the city from the federal, state and county governments. The revenues can come in the form of loans, grants or reimbursements. For 2024, a total of $\$ 2.74$ million is budgeted, with $\$ 730.5$ thousand of the total expected to come from grants and loans. Through April 30, approximately $\$ 1.18$ million has been collected ( $43.21 \%$ of the category budget) which is up by $\$ 535.6$ thousand ( $82.67 \%$ ) from 2023. This is the result of one-time other governmental receipts in 2024.

Service charge revenues are another major revenue category for the city. As the title would imply, these revenues are received in exchange for providing services to residents, businesses and other customers. For 2024, approximately $\$ 4.87$ million is budgeted for total service charge revenues. Year
 to-date collections are $\$ 1.86$ million, or $38.23 \%$ of budget. The four-month total is up by $\$ 225.1$ thousand (13.75\%) when compared to 2023. At $\$ 4.42$ million or $90.69 \%$ of the category budget, water and sewer usage fees represent the largest single component of this category. Usage fees collected through April 30 are $\$ 1.73$ million, or $39.15 \%$ of the full-year budget in this line item.

## EXPENDITURES/SPENDING

Although there are currently only four months on the books in 2024, early spending trends appear to be in-line with expectations. Excluding debt service expenses and interfund transfers in the calculation results in a spending rate equal to $18.63 \%$, well below the straight-line rate of $33.33 \%$. The lower than anticipated spending was the result of below-budget spending on capital outlay and contractual services-related expenses. Including 2023 carryover encumbrances (e.g. purchase orders) as well as FY 2024-issued POs in the total results in a ratio of $48.14 \%$. Many of these 2024 purchase orders encumber full-year spending and have the effect of overstating the impact of the encumbrances.

## FUND BALANCE/FINANCIAL HEALTH

The chart below reflects revenue, expenditures, and fund balance on a monthly basis since January 2018. The solid color lines represent actual numbers and any dotted lines reflecting the current forecast. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a smoothed trend of the fund balance over the time horizon of the chart.

Current projections call for the total all-funds balance to decrease by $\$ 10.22$ million ( $30.37 \%$ ) in 2024 (see chart at the top of the following page which has been updated to reflect the current 5 -year forecast) to a total funds balance of about $\$ 23.43$ million. The year-end 2023 total fund balance was $\$ 33.66$ million, an increase of $\$ 9.95$ million (41.96\%) over the budget which resulted from below-budget spending in 2023 (down $\$ 13.01$ million); partially offset by revenue that was $\$ 3.07$ million (11.69\%) below budget. From 2024 - 2028, however, the balance will decline every year during that period of time. The 2028 total all-funds balance is projected to be $\$ 15.67$ million, a decrease of $\$ 16.69$ million ( $51.56 \%$ ). This is due to expenditures either exceeding or being roughly equal to revenues in each of those years prior to 2028.

Looking at a few of the key funds, the General fund ended the month of April 2024 with an unencumbered
balance of $\$ 3.75$ million and is up by $\$ 29.9$ thousand, or 0.80\% from December 2023. The Street (201) fund is up by $\$ 63.0$ thousand (1.35\%), and the Police (208) fund decreased by \$863.5 thousand (21.43\%). The 2024 forecast called for these funds to end the year approximately 5-20\% below where they ended 2023. As we go through 2024, it is critical for the city to continue to closely monitor each of the key fund balances to ensure that adequate funding is available to provide the desired level of service to the community in the future. Maintaining adequate reserves to ensure ongoing operations and the ability to service our debt are just some of the factors that the ratings agencies consider when evaluating the city's overall fiscal health, and it's a 'best practice' in the public finance profession. We will also be working to reduce and manage the spending side of the equation to minimize the need to draw from existing reserves.

I am providing this summary analysis to facilitate a better understanding of the sources of all city revenues, the status of collections to-date and available fund balances. The report will now turn its focus to each of the primary governmental and enterprise funds of the city: 101 - General Fund; 201 - Street Fund; 208 Police Fund; 301 - Capital Improvements; and 601/651 - Water and Sewer Operations funds.

Respectfully submitted,

## THIS PAGE INTENIONALLY LEFT BLANK

## General Fund (101)

Revenue - The general fund has a 2024 revenue budget of approximately $\$ 2.49$ million. On a year to-dateyear basis, the general fund has been credited with total revenue of approximately $\$ 1.46$ million, which represents $58.63 \%$ of budget. When compared to a straight-line rate of $33.33 \%$, it clearly appears that general fund revenues through April $30^{\text {th }}$ are running ahead of budget. The timing of when the city receives its semi-annual property tax settlements, however, does skew the total. Eliminating the impact that the property tax receipts have in the calculation, the total is running at $43.60 \%$ of budget, or approximately $10.27 \%$ above budget.

The largest revenue source for the general fund is property taxes, which accounts for $64.95 \%$ of the 2024 general fund revenue budget. The 2024 budget for this category is projected to be $\$ 1.62$ million and would be up by $\$ 185.8$ thousand ( $10.30 \%$ ) when compared to 2023 full-year collections. To-date, the general fund has received $\$ 1.12$ million in property tax revenues from the Licking County Treasurer ( $69.42 \%$ of budget). This total is up by $\$ 337.4$ thousand ( $42.96 \%$ ) from the same four-month period in 2023. The increase is the result of an increased assessed valuation of the city due to recent residential and commercial construction.

Intergovernmental revenue represents the second largest revenue category for the general fund. It reflects funding received by the city from federal, state and county governments and can come in the form of loans, grants or reimbursements. For 2024, it is projected to account for approximately $\$ 323.0$ thousand ( $12.97 \%$ of total fund budget). This category consists of the following revenue items: local government distributions, property tax rollback/homestead exemption reimbursements from the state; electric utility income tax reimbursement; and cigarette/liquor taxes and fees. On a year to-date basis, the fund has received \$177.6 thousand in this category ( $54.98 \%$ of budget) and is up by $\$ 130.6$ thousand ( $278.2 \%$ ) when compared to the same four-month period in 2023. The positive variance was primarily the result of the receipt timing of the 2024 rollback/homestead reimbursement (up $\$ 132.7$ thousand) and increased liquor permit fees/cigarette taxes (up $\$ 1.4$ thousand) received in 2024; partially offset by reduced Local Government Fund (LGF) payment from the State of Ohio (down $\$ 3.4$ thousand).

Service charge revenues is the next major general fund revenue source. These revenues are received in exchange for providing services to residents, businesses and other customers including building licenses/permits, and other permits. The 2024 budget in this category is $\$ 280.3$ thousand ( $11.26 \%$ of
budget). Through April 30, the city has received $\$ 65.5$ thousand ( $23.37 \%$ of budget) and is up by $\$ 8.5$ thousand ( $14.91 \%$ ) from 2023. The positive variance is due to increased requests for permits from the city in 2024 (up $\$ 10.1$ thousand) and increased variance applications and zoning permit requests (up $\$ 2.2$ thousand); partially offset by reduced franchise fee receipts (down $\$ 3.9$ thousand).

Fines and forfeitures revenue represent the other major revenue category for the general fund. The 2024 budget in this category is $\$ 130.1$ thousand ( $5.22 \%$ of budget) and consists of fines and forfeitures generated by the operation of the city's Mayor's Court, as well as other state-generated fines. Through April 30, the city has received $\$ 35.7$ thousand in this category, which represents $27.47 \%$ of budget. Compared to the same four-month period in 2023, the total is down by $\$ 0.9$ thousand, or $2.41 \%$. The primary driver of the decline is the reduced rate of revenue generated by the Mayor's Court in 2024.

Expenditures - The general fund has a total appropriated expenditure budget for 2024 of approximately $\$ 2.84$ million. Total spending through April 30 is $\$ 1.06$ million and is equal to $37.38 \%$ of the budget. Including encumbrances (e.g., purchase orders) of $\$ 618.6$ thousand (but excluding transfers) in the total results in a total ratio equal to $50.88 \%$ of budget. Most of the encumbered balances represent full-year purchase orders which tend to overstate the impact. Compared to the same four-month period in 2023 (and excluding transfers), the total is up by $\$ 49.7$ thousand ( $9.38 \%$ ).

## General Fund Expense Budget by Category

General Fund Spending Budget vs YTD Actual
(excludes encumbrances)

Salaries, wages and other employee-related costs represents the largest expense category in the General fund with a 2024 budget of $\$ 1.05$ million, or $36.88 \%$ of the general fund budget. Spending through April 30 (excluding encumbrances) was $\$ 224.3$ thousand, or $21.45 \%$ of budget. The positive variance ( $\$ 124.3$ thousand below budget) was primarily the result of lower employee HRA funding paid to-date and below budget spending on wages due to open positions. Including encumbrances (e.g., purchase orders) of $\$ 142.2$ thousand in the total, $35.04 \%$ has been either spent or committed to be spent. Most of the encumbered balances represent full-year purchase orders which tend to overstate the impact. Compared to the same four-month period in 2023, the total is up by $\$ 18.0$ thousand ( $8.72 \%$ ).

Contractual services is another major expense category in the General fund. The 2024 budget in this category is $\$ 781.5$ thousand ( $27.56 \%$ of budget) and provides for non-employee personal services, such as legal, audit and engineering services. Spending through April is $\$ 231.3$ thousand ( $29.59 \%$ of budget). Including encumbrances (e.g., purchase orders) of $\$ 297.2$ thousand in the total, $67.63 \%$ has been either
spent or committed to be spent. It is important to note that much of the spending in this category does not tend to follow a linear path; rather, it is typically disbursed in large 'chunks' to the vendors and consultants when the services are provided. We monitor this category closely to ensure that spending is within budget.

General operating expenditures is another significant expense category in the general fund. It combines a number of other basic types of expenditures including supplies, equipment, utilities and other miscellaneous expenses. It has a 2024 budget of $\$ 506.7$ thousand, or $17.87 \%$ of the fund's budget. Year to-date 2024 spending in this category is $\$ 123.1$ thousand and is equal to $24.30 \%$ of budget. Including encumbrances in the calculation, the total spent or committed is $\$ 297.6$ thousand, or $58.60 \%$ of budget. Spending in this category is up by $\$ 47.6$ thousand ( $62.94 \%$ ) from the same four-month period in 2023.

The approved 2024 budget in the general fund includes $\$ 480,000$ in interfund transfers to the Recreation (206) fund to provide additional funding for recreational programming. This is a $\$ 30.0$ thousand (6.67\%) increase from FY 2023 which had a total of $\$ 450,000$ in interfund transfers. In prior years, the General fund would cover $50 \%$ of the wages and benefits for Parks \& Recreation employees. The 2024 transfers were made on the accounting system during the month of February.

Fund Balance - The general fund is the primary operating account for the city from which expenses, other than those associated with the Street, Police and Debt Service functions, are paid. Fund balance represents the accumulation of prior period revenues minus expenses. The fund balance can be used in future periods to stabilize fluctuations in revenues, or during periods of greater than typical spending. Evaluating the fund balance (and the related revenues/expenses) is a valuable exercise, in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

The chart above plots revenue, expenditures and fund balance on a monthly basis since January 2017. The solid color lines represent historical numbers, and any dotted lines represent projections for the rest of the year. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a smoothed trend of the fund balance over the time horizon of the chart. Since 2018, the fund has generally been on an upward trajectory. The approved 2024 budget would have the fund declining by $\$ 345.5$ thousand $(8.70 \%)$ if $100 \%$ of the projected revenue is collected and $100 \%$ of appropriations spent. The major spikes in revenue (typically March \& August) represent the receipt of the semi-annual property tax settlements. The April 2018, January 2022, February 2023 and February 2024 spikes reflect interfund transfers of $\$ 250.0, \$ 335.0, \$ 450.0$ and $\$ 480.0$ thousand, respectively, to the Capital Improvements and Recreational Programming funds.

As you can see from the chart at the top of the following page, fiscal years 2018 through 2023 were very
positive for the general fund balance, even though the fund had been generally declining over the prior several years. This improvement was due to both reduced spending and increased revenues received during the year. Of note, spending in the 2018-2023 period was less than revenue received which resulted in the increasing fund balance. The fund is projected to be unable to maintain this positive trend in 2024 as the current

Revenue, Expenditure \& Fund Balance - General Fund Millions 2018-2028
 forecast calls for deficit spending in each future year through 2028. The result of this is a declining fund balance in all future years. This chart has been updated with the approved 2024 budget data and the updated forecast through 2028. Based upon the numbers, the fund balance is currently projected to be approximately $\$ 2.90$ million at the end of FY 2028 and would reflect a carryover ratio of $98.85 \%$ which is well above the $25-35 \%$ target range in the city's fund balance policy.

## Street Fund (201)

Revenue - The Street Fund has a 2024 revenue budget of approximately $\$ 5.42$ million with the fund's primary revenue sources being income taxes and intergovernmental revenues. On a year-to-date basis, the Street fund has been credited with total revenue of approximately $\$ 1.94$ million, which reflects $35.82 \%$ of the full-year budget. Total revenue to-date is up by $\$ 293.6$ thousand ( $17.80 \%$ ) from the same four-month period in 2023.

Street Fund Revenue
Budget vs YTD Actual

Income tax collections in April were $\$ 353.9$ thousand and represent $8.88 \%$ of the 2024 budget. Collections are up by $\$ 37.5$ thousand ( $11.85 \%$ ) when compared to the same period in 2023. Year to date income tax revenues credited to the fund are approximately $\$ 1.25$ million and represent $31.29 \%$ of budget. In comparison, collections through April 2023 were equal to $29.76 \%$ of the full-year collections, and in 2022 the rate was $30.31 \%$. The decrease in the fund's 2024 allocation rate from $47.1 \%$ to $45.0 \%$ had the effect of decreasing the revenue credited to the fund by $\$ 58.4$ thousand. The increased level of total collections through April resulted in an increase of $\$ 129.0$ thousand. The net impact of these variances is the overall increase in fund revenue of $\$ 70.5$ thousand. The green and light blue bars in the chart to the right reflect

Income Tax Collections - Street Fund
 the revenue that would have been allocated to the fund had the percentage not been modified. Taking the different allocation rates into consideration, the fund would have received $\$ 123.0$ thousand ( $10.94 \%$ ) more in 2024 than 2023 had the allocation rate not been changed, and collections would have been $\$ 192.2$ thousand ( $18.21 \%$ ) higher than 2022 collections.

Intergovernmental revenues in the Street fund are budgeted at $\$ 1.26$ million and represent $23.27 \%$ of the fund's revenue budget. They reflect funding received by the city from federal, state and county governments and is comprised of state-shared (e.g., permissive) taxes, and grants/loans from those
governmental agencies. On a year-to-date basis, the city has received $\$ 627.4$ thousand in this category ( $49.72 \%$ of budget) which is up by $\$ 204.8$ thousand ( $48.48 \%$ ) from the same four-month period in 2023. The one-time receipt of an OPWC reimbursement in 2024 of $\$ 224.6$ thousand is the primary cause of the positive variance.

The other category, Other Sources, is budgeted at $\$ 173.8$ thousand and represents only $3.20 \%$ of the total fund revenue budget. On a year-to-date basis, the city has received $\$ 67.8$ thousand ( $39.03 \%$ of budget) and is up by $\$ 18.2$ thousand ( $36.60 \%$ ) from the same four-month period in 2023. This variance is primarily the result of improved investment earnings in 2024 (up $\$ 20.1$ thousand).

Expenditures - The Street fund has a total appropriated expenditure budget for 2024 of approximately $\$ 8.62$ million. Total spending through April 30 was $\$ 1.15$ million and is equal to $13.36 \%$ of budget. The lower than anticipated spending rate is primarily the result of below budget spending in the Contractual Services and Capital Outlay budget categories, although there was below-budget spending in the remaining budget categories. Including encumbrances of $\$ 2.89$ million in the total (but excluding transfers) results in total fund spending equal to $46.90 \%$ of budget. Compared to year to-date 2023 (and excluding transfers), the total is down by $\$ 468.2$ thousand ( $28.91 \%$ ) and is the result of reduced spending in the Capital Outlay budget category; partially offset by increased spending in the Salary \& Related, Contractual Services and General Operating budget categories.

## Street Fund Expense Budget by Category

Street Fund Spending
Budget vs YTD Actual
(excludes encumbrances)

Spending on capital projects and equipment is the largest expense category in the Street Fund with a 2024 budget of $\$ 3.85$ million, or $44.63 \%$ of the fund's budget. The budget provides funding for street and roadway infrastructure maintenance and related equipment. Spending through April 30 was $\$ 335.0$ thousand, or $8.71 \%$ of budget. The variance is the result of reduced progress payments on infrastructure improvement projects made through April. Including encumbrances (e.g., purchase orders) in the total results in a spending commitment equal to $\$ 1.62$ million, or $42.13 \%$ of budget.

Contractual services represents the next major expense category in the Street fund. The 2024 budget in this category is $\$ 2.61$ million ( $30.34 \%$ of budget) and provides for non-employee personal services, such as legal, audit and engineering services. Spending through April 30 was $\$ 201.3$ thousand ( $7.70 \%$ of budget). Including encumbrances (e.g., purchase orders) of $\$ 1.27$ million in the total, $56.30 \%$ has been either spent or committed to be spent. It is important to note that much of the spending in this category does not tend to follow a linear path; rather, it is typically disbursed in large 'chunks' to the vendors and consultants when
the services are provided. We monitored this category closely during 2023 to ensure that spending remains within budget and will continue to do so in 2024.

Salaries, wages and other employee-related costs is another major expense category in the Street fund with a 2024 budget of $\$ 1.54$ million, or $17.83 \%$ of the fund's budget. The budget provides funding for the payment of employee wages, pension costs and fringe benefits. Spending through April was $\$ 430.2$ thousand, or $28.0 \%$ of budget. The positive budget variance ( $\$ 81.9$ thousand below budget) is primarily the result of there being reduced early funding of employee HRA accounts in 2024 and open positions. Spending in this category is up by $\$ 130.1$ thousand ( $43.36 \%$ ) from the level in 2023 and is the result of the full-year impact in 2024 of two new crew leaders as well as wage scale and employee step increases.

General operating expenditures is the other significant expense category for the Street fund. It combines a number of other basic types of expenditures including supplies, equipment, utilities and other miscellaneous expenses. It has a 2024 budget of $\$ 621.0$ thousand, or $7.21 \%$ of the fund's budget. Spending through April 30 was $\$ 184.6$ thousand, or $29.72 \%$ of budget. Including encumbrances in the calculation, total spending is $\$ 297.3$ thousand, or $47.87 \%$ of the budget. Spending in this category is up by approximately $\$ 61.8$ thousand ( $50.30 \%$ ) when compared to the same four-month period in 2023.

Fund Balance - The Street fund is the primary operating account for the city from which expenses associated with the maintenance of the city's streets, roads and rights-of-way are paid. Fund balance represents the accumulation of prior period revenues minus expenses. The fund balance can be used in future periods to stabilize fluctuations in revenues, or periods of greater than typical spending. Evaluating the fund balance, revenues, and expenses is a valuable exercise, in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

Millions
Monthly Revenue, Expenditure \& Fund Balance - Street Fund January, 2018 through December, 2024

The chart above plots revenue, expenditures and fund balance monthly since January 2018. The solid color lines represent actual numbers, and the dotted lines represent future projections. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a trend line of the fund balance over time. The expense spikes, particularly in February 2019, January 2020, December 2020 and December 2023 are the result of paying high-dollar invoices related to construction projects. Other than those items, revenues and spending have been closely matched. Since January 2018, revenues have generally equaled or exceeded expenses, except for large-dollar progress payments on capital improvement projects. The fund ended 2023 with a balance of $\$ 6.83$ million and was $\$ 3.10$ million ( $82.99 \%$ ) better than projected. This was the result of spending for the year that was $\$ 2.80$ million below budget and actual revenues being approximately $\$ 293.3$ thousand ( $5.45 \%$ ) better than projections. In 2024, however, the fund balance is projected to decline by $\$ 3.19$ million ( $46.78 \%$ ) due to planned roadway and infrastructure
improvement projects expected to be completed in 2024. The projected $\$ 3.63$ million fund balance represents a carryover ratio of $42.18 \%$, which is above the 25-35\% target per city policy.

As you can see from chart at right, which has been updated with the approved 2024 budget data and the forecast through 2028, the balance of the Street fund increased significantly from 2018 - 2023 (with the exception of 2020 which experienced a fund balance decline). However, current projections also call for the fund balance to significantly decline in 20242027 and then somewhat stabilize in 2028 . The 2028 year-end carryover balance is currently projected to be $\$ 2.69$ million which is equal to $47.78 \%$ of planned spending and is somewhat above the range specified by city policy.

## THIS PAGE INTENIONALLY LEFT BLANK

## Police Fund (208)

Revenue - The fund's primary revenue sources are income taxes and other sources, and it has a 2024 total revenue budget of $\$ 4.13$ million. On a year to-date basis, the Police Fund has been credited with total revenue of approximately $\$ 1.33$ million, which represents $32.23 \%$ of budget. Total revenue to-date is $\$ 131.8$ thousand ( $10.99 \%$ ) higher than that collected during the same four-month period in 2023. The primary cause of the increase is the higher amount of intergovernmental receipts received in January and increased income tax collections received to date.

## Police Fund Revenue <br> Budget by Source

Police Fund Revenue Budget vs YTD Actual

Income tax collections in April were $\$ 353.9$ thousand and are up by $\$ 42.9$ thousand ( $13.79 \%$ ) when compared to the same period in 2023 and are equal to $8.88 \%$ of budget. Year to date income tax revenues credited to the fund are $\$ 1.25$ million and represent $31.29 \%$ of budget. In comparison, collections through April 2023 were equal to $29.80 \%$ of the full-year collections, and in 2022 the rate was $30.31 \%$. The decrease in the fund's 2024 allocation rate from $46.5 \%$ to $45.0 \%$ had the effect of decreasing the revenue credited to the fund by $\$ 36.2$ thousand. The increased level of total collections through April resulted in an increase of $\$ 124.8$ thousand. The net impact of these variances is the overall increase in fund revenue of $\$ 88.7$ thousand. The green and light blue bars in the chart to the right reflect the revenue that would have been allocated to the fund

Income Tax Collections - Police Fund
 had the percentage not been modified. Taking the different allocation rates into consideration, the fund would have received $\$ 121.2$ thousand ( $10.76 \%$ ) more in 2024 than 2023 had the allocation rate not been changed, and collections would have been $\$ 182.6$ thousand ( $17.15 \%$ ) higher than 2022 collections.

The other significant revenue category, Other Sources, is budgeted at $\$ 92.1$ thousand, and represents only $2.23 \%$ of the total fund revenue budget. To date, the city has received $\$ 58.2$ thousand ( $63.21 \%$ of budget) and is up by $\$ 22.1$ thousand ( $61.12 \%$ ) from the same four-month period in 2023.

Expenditures - The Police fund has a total appropriated expenditure budget for 2024 of approximately $\$ 4.96$ million. Total spending through April 30 is approximately $\$ 1.56$ million and is equal to $31.41 \%$ of budget. Including encumbrances (e.g., purchase orders) of $\$ 799.6$ thousand in the total results in total spending equal to $47.52 \%$ of budget. Compared to the same four-month period in 2023 (and excluding transfers), the total is up by $\$ 265.5$ thousand ( $20.53 \%$ ) and is primarily the result of increased spending in the Salary \& Related and Capital Outlay budget categories, although there has been slightly increased spending on third-party contractual services; partially offset by reduced spending on supplies and materials.

Salaries, wages and other employee-related costs represent the largest expense category with a 2024 budget of $\$ 3.63$ million, or $73.20 \%$ of the fund's budget. Spending through April 30 was $\$ 1.11$ million, or $30.48 \%$ of budget and is $\$ 103.6$ thousand ( $2.85 \%$ ) below budget. The variance is the result of there being reduced required funding of employee HRA accounts in 2024. Spending in this category is up by $\$ 140.6$ thousand (14.54\%) from the level in 2023 and is the result of the employee wage scale/step increase in January 2024.

General operating expenditures is the next major expense category in the Police fund. It combines a number of other basic types of expenditures including supplies, equipment, utilities and other miscellaneous expenses. It has a 2024 budget of $\$ 651.1$ thousand, or $13.12 \%$ of the total fund expenditure budget. Year-to-date spending in this category is $\$ 138.1$ thousand, or $21.20 \%$ of budget and is down by $\$ 19.2$ thousand (12.22\%) from the same four-month period in 2023.

Spending on capital equipment is another significant expense category in the Police fund. The 2024 budget in this category is $\$ 370.8$ thousand ( $7.47 \%$ of total fund budget) and provides funding for the acquisition of Police cruisers, law enforcement-related equipment and other capital improvements. Year-to-date spending in this category is $\$ 221.1$ thousand ( $59.62 \%$ of budget) and is up by $\$ 140.3$ thousand ( $173.9 \%$ ) from the same four-month period in 2023. Including encumbrances (e.g., purchase orders) of \$149.1 thousand in the total, $99.84 \%$ has been either spent or committed to be spent.

Contractual services is another major expense category in the Police fund. The 2024 budget in this category
is $\$ 308.2$ thousand ( $6.21 \%$ of budget) and provides for non-employee personal services, such as legal, audit, facility management and other law enforcement-related services. Spending through April 30 was $\$ 92.4$ thousand ( $29.98 \%$ of budget). Including encumbrances (e.g., purchase orders) of $\$ 96.1$ thousand in the total, $61.15 \%$ has been either spent or committed to be spent. It is important to note that much of the spending in this category does not tend to follow a linear path; rather, it is typically disbursed in large 'chunks' to the vendors and consultants when the services are provided. We monitored this category closely in 2023 to ensure that spending remains within budget and will continue to do so in 2024.

The approved 2024 budget in the Police fund did not include any interfund transfers. In 2023, the budget included a transfer of $\$ 18.7$ thousand to provide funding to the Debt Service (401) fund to meet the department's financial obligations on the LGIF loan for the construction of a MARCS Police radio tower. FY 2023 was the final year for such a transfer, as the debt was paid off in 2023.

Fund Balance - The Police fund is the primary operating account for the city from which expenses associated with the operation of the city's Police department are paid. Fund balance represents the accumulation of prior period revenues minus expenses. The fund balance can be used in future periods to stabilize fluctuations in revenues or periods of greater than typical spending. Evaluating the fund balance, revenues, and expenses is a valuable exercise, in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

The chart above plots monthly revenue, expenditures and fund balance since January 2018. The solid color lines represent actual numbers, and the dotted lines represent projections for the rest of the year. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a smoothed trend of the fund balance over the time horizon of the chart. As you can see from the chart at right, the balance in the Police fund has been fluctuating up and down since January 2018 but has seen growth since 2018. In general, revenues and expenditures have been closely matched.

Current projections call for the balance to decline starting in

2024 and continuing to do so through 2028. The fund ended 2023 with a carryover balance of $\$ 4.19$ million and was up by $\$ 140.4$ thousand ( $3.46 \%$ ) from 2022. The year-end 2024 carryover balance reflects a reserve ratio of $67.69 \%$. The fund is projected to decline annually through 2028 when it will have a projected yearend balance of $\$ 1.76$ million, which would represent a $31.31 \%$ carryover balance. This is within the $25-35 \%$ target range per policy. The chart at the bottom of the previous page has been updated with the approved 2024 budget data through 2028.

## Capital Improvements Fund (301)

Revenue - The Capital Improvements Fund has a 2024 revenue budget of approximately $\$ 577.1$ thousand. The fund's primary revenue sources are income taxes, intergovernmental revenues and other sources. On a year-to-date basis, the Capital Improvements fund has been credited with total revenue of approximately $\$ 53.5$ thousand, which represents $9.26 \%$ of budget. The four-month total is somewhat lower than budget which is due in large part to $\$ 400.0$ thousand in grant funds not yet received. Eliminating that item from the calculation results in the collections equaling $30.18 \%$ of budget. The fund is slated to receive a $1.50 \%$ allocation of income tax revenues in 2024, which is unchanged from allocation rate to the fund in 2023.

## Capital Improvements Fund Revenue Budget by Source

## Capital Improvements Fund Revenue Budget vs YTD Actual

In 2024, other than grant proceeds, income taxes are the primary external revenue source for the Capital Improvements fund representing $23.03 \%$ of the fund's total revenue sources. Income tax collections in April were $\$ 11.8$ thousand and represent $8.88 \%$ of the 2024 budget. Collections for the month are up by $\$ 1.7$ thousand $(17.07 \%)$ when compared to the same period in 2023. Year to date income tax revenues credited to the fund are $\$ 41.6$ thousand and represent $31.29 \%$ of budget. In comparison, collections through April 2023 were $\$ 37.5$ thousand, and reflect $29.78 \%$ of the 2023 fullyear collections, and in 2022, the April collections to-date were equal to $30.31 \%$ of the full-year collections. The fund's 2024 allocation rate of $1.50 \%$ is unchanged from the $1.50 \%$ allocation rate in 2023. The overall higher level of collections through April resulted in an increase of $\$ 4.1$ thousand. The green and light blue bars in the chart to the right reflect the revenue that would have been

Income Tax Collections
Capital Improvements Fund
 allocated to the fund had the percentage not been modified. Since the allocation has not changed since 2022, there is no difference in the allocations and a comparison would not be relevant.

Expenditures - The Capital Improvements fund has a total appropriated expenditure budget for 2024 of approximately $\$ 1.08$ million. Total spending through April 30 was $\$ 607.9$ thousand and is equal to $56.52 \%$ of the budget. Including encumbrances (e.g., purchase orders) of $\$ 128.2$ thousand in the total results in total spending equal to $68.43 \%$ of budget. Compared to the same four-month period in 2023 (and excluding transfers), the total is up by $\$ 408.8$ thousand (205.27\%) and is the result of increased spending in the Capital Outlay category.

## Capital Fund Budget by Category

Capital Improvements Fund Spending Budget vs YTD Actual
(excludes encumbrances)

As would be expected, spending on capital projects and equipment is the major expense category in the Capital Improvements fund. The 2024 budget in this category is $\$ 1.05$ million, ( $97.46 \%$ of budget), and provides funding for the construction of a number of infrastructure improvements. Spending through April 30 was $\$ 601.1$ thousand and represents $57.33 \%$ of the category's budget. The primary planned expenditures in this category are related to Summit Road/Broad Street improvements, City Hall elevator improvements and various park facility improvement projects. The list of projects included the following: (*asterisk indicates projects funded by prior-year carryover encumbrances)

| Project Name | 2024 <br> Budget |  | Spent and/or <br> Encumbered |  |
| :--- | ---: | ---: | ---: | :---: |
| Freedom Park perimeter path* | $\$ 35,000$ | $\$ 35,000$ | Unspent or <br> Uncommitted |  |
| Town Hall improvements and repairs | 40,350 | 350 | 40,000 |  |
| Foundation Park parking lot resurfacing | 20,000 | 0 | 20,000 |  |
| Summit Road/Broad Street improvements | 500,000 | 439,186 | 60,814 |  |
| Elevator improvements at City Hall | 160,000 | 160,000 | 0 |  |
| New shade structures inside pool facility | 20,000 | 1,600 | 18,400 |  |
| Foundation Park maintenance garage improvements* | 33,048 | 33,048 | 0 |  |
| Creek Road garage improvements for mechanic | 60,000 | 0 | 60,000 |  |
| Other miscellaneous city facility-related improvements | 20,000 | 0 | 20,000 |  |
| Other miscellaneous Parks-related improvements | 20,000 | 0 | 20,000 |  |
| Municipal Park parking lot replacement | 80,000 | 0 | 80,000 |  |
| Split-rail fence replacement program | 10,000 | 10,000 | 0 |  |
| Freedom/Citizen's Park basketball courts | 50,000 | 44,000 | 6,000 |  |
| GRAND TOTAL | $\$ 1,048,398$ | $\$ 723,184$ | $\$ 325,214$ |  |

Contractual services is another major expense category in the general fund. The 2024 budget in this category is $\$ 20.9$ thousand ( $1.95 \%$ of budget) and provides for non-employee personal services, principally engineering and construction inspection services. Spending through April 30 was $\$ 4.9$ thousand, but including encumbrances (e.g., purchase orders) of $\$ 6.0$ thousand in the total, $52.23 \%$ has been either spent or committed to be spent. It is important to note that much of the spending in this category does not tend to follow a linear path; rather, it is typically disbursed in large 'chunks' to the vendors and consultants when the services are provided. We monitor this category closely throughout the year to ensure that spending remains within the approved budget. The projects planned in this category for 2024 include the following:

| Project Name | 2024 <br> Budget | Spent and/or Encumbered | Unspent or Uncommitted |
| :---: | :---: | :---: | :---: |
| Citywide street lighting | \$10,000 | \$0 | \$10,000 |
| City Hall ${ }^{\text {nd }}$ floor carpet replacement* | 933 | 933 | 0 |
| Parks-related engineering services* | 10,000 | 10,000 | 0 |
| GRAND TOTAL | \$20,933 | \$10,933 | \$10,000 |

General Operating is the other expense category in the Capital Improvements fund. The 2024 budget in this category is $\$ 6.4$ thousand ( $0.59 \%$ of budget) and provides for other non-capital operating expenditures incurred by the fund. Spending through April 30 was $\$ 2.0$ thousand and represents $31.06 \%$ of the category's budget. Spending planned in this category in 2024 is for the payment of income tax collection fees and taxpayer refunds to RITA.

| Project Name | 2024 <br> Budget |  | Spent and/or <br> Encumbered |  | Unspent or <br> Uncommitted |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Income tax collection fees and taxpayer refunds | $\$ 6,379$ | $\$ 1,982$ | $\$ 4,397$ |  |  |
|  |  |  |  |  |  |
| GRAND TOTAL | $\$ 6,379$ | $\$ 1,982$ | $\$ 4,397$ |  |  |

Fund Balance - The Capital Improvements fund is the primary capital fund account for the city from which expenses associated with the construction of infrastructure improvements and purchase of equipment are paid. Fund balance represents the accumulation of prior period revenues minus expenses and can be used in future periods to stabilize fluctuations in revenues or periods of greater than typical spending. Evaluating the fund balance, revenues, and expenses is a valuable exercise, in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

The 2024 budget projects a year-end fund balance of $\$ 956.7$ thousand, which would equate to a reserve ratio equal to $88.94 \%$ of expenditures. In contrast, FY 2023 ended the year with an unencumbered fund balance of $\$ 1.36$ million which is down by $\$ 148.8$ thousand ( $9.89 \%$ ) from FY 2022. This balance equates to a reserve ratio equal to $67.22 \%$ of expenditures which is outstanding and provides the ability for the city to fund future projects (e.g., Parks, Streets, etc.). The higher ratio at year-end 2024 is the result of a $\$ 400.0$ thousand grant expected to be received, partially offset by increased spending planned from this fund during the year and the lower starting carryover fund balance ( $\$ 1.45$ million in 2024 versus $\$ 1.71$ million in 2023). The fund ended 2022 with an unencumbered balance of $\$ 1.73$ million, which was up by $\$ 71.0$ thousand (429\%) from FY 2021.

## Water Operations Fund (601)

Revenue - The Water Operations fund's primary revenue sources are charges for service and other sources, and it has a 2024 revenue budget of approximately $\$ 1.55$ million. On a year to-date basis, the fund has been credited with total revenue of approximately $\$ 509.3$ thousand, which represents $32.87 \%$ of budget. The total revenue amount is up by $\$ 81.1$ thousand (18.94\%) when compared to the same four-month period in 2023.

## Water Fund Revenue Budget by Source

## Water Fund Revenue Budget vs YTD Actual

Charges for service represent the primary revenue category in this fund and are generated by water customer billings. Year to-date revenues credited to the fund are $\$ 482.4$ thousand, or $32.18 \%$ of budget. The 2024 collections amount to date represents an increase of $\$ 72.2$ thousand (17.61\%) in 2024 over

Usage Fee Collections - Water Fund
 collections in 2023. In comparison, collections for the same four-month period in 2023 were $\$ 410.2$ thousand and were about $22.35 \%$ of full-year collections and the 2022 rate was equal to $31.66 \%$.

The other category, Other Sources has a 2024 budget of $\$ 50.5$ thousand, or $3.26 \%$ of the fund's budget. These revenues vary widely in nature and are relatively insignificant to the total. To date, the city has received \$26.9 thousand ( $53.36 \%$ of budget) and accounts for investment income, as well as any other miscellaneous non-usage related fees and charges. This category is up by $\$ 8.9$ thousand ( $49.16 \%$ ) from 2023 and is due to increased investment earnings (up $\$ 9.3$ thousand).

Expenditures - The Water Operations fund has a total appropriated expenditure budget for 2024 of approximately $\$ 1.88$ million. Total spending through April 30 was approximately $\$ 665.5$ thousand, or $35.36 \%$ of budget. Including encumbrances (e.g., purchase orders) of $\$ 553.5$ thousand in the total results in total committed spending equal to $62.04 \%$ of budget (excluding interfund transfers). Compared to the same four-month period in 2023 (and excluding transfers), the total is up by $\$ 145.4$ thousand ( $37.75 \%$ ) and is due primarily to increased spending in the Salary \& Related, Contractual Services and General Operating budget categories.

Water Fund Spending Budget vs YTD Actual
(excludes encumbrances)

Salaries, wages and other employee-related costs represent the largest expense category with a 2024 budget of $\$ 859.0$ thousand, or $45.64 \%$ of the fund's budget. Spending through April 30 (excluding encumbrances) was $\$ 233.9$ thousand and is equal to $27.23 \%$ of budget. The positive budget variance ( $\$ 52.4$ thousand below budget) is the result of there being open positions and reduced funding of employee HRA accounts in 2024. Spending in this category is up by $\$ 56.9$ thousand ( $32.12 \%$ ) from the level in 2023 and is the result of increased wage rates/steps and employee HRA funding in 2024.

General operating expenses represent the other major expense category. It combines a number of other basic types of expenditures including operating supplies, equipment, utilities and other miscellaneous expenses. It has a 2024 budget of $\$ 485.5$ thousand, or $25.80 \%$ of the fund budget. Spending through April 30 was $\$ 158.1$ thousand, or $32.56 \%$ of budget. Including encumbrances of $\$ 246.9$ thousand in the calculation results in a total spending commitment of $\$ 404.9$ thousand, or $83.40 \%$ of budget. Many of these 2024 purchase orders encumber full-year spending and had the effect of overstating the impact of the encumbrances during the year. Spending in this category is up by $\$ 43.9$ thousand $(38.51 \%)$ when compared to the same four-month period in 2023 and is due to increased spending on supplies/materials (up $\$ 31.5$ thousand) and increased utility costs (up $\$ 16.7$ thousand); partially offset by reduced spending on equipment and maintenance (down $\$ 1.4$ thousand) and miscellaneous expenses (down $\$ 2.8$ thousand).

The approved 2024 budget in the Water Operations fund provides for an interfund transfer of $\$ 135.0$ thousand to the Water Debt Service (604) fund to assist in meeting the department's debt service financial obligations. The last time this was required was in 2018. Prior to that, the operating budgets did not provide for any interfund transfers during the previous two years (2016 and 2017). This transfer was made during the month of February.

Fund Balance - The Water Operations fund is the primary operating account for the city from which expenses associated with the operation of the city's water treatment and distribution operations are paid. Fund balance represents the accumulation of prior period revenues minus expenses. The fund balance can be used in future periods to stabilize fluctuations in revenues, or during periods of greater than typical spending. Evaluating the fund balance (and the corresponding revenues and expenses) is a valuable exercise in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

The chart below plots revenue, expenditures and fund balance since January 2018. The solid color lines represent actual numbers, and the dotted lines represent projections for the rest of the year. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a smoothed trend of the fund balance over the time horizon of the chart.

The FY 2024 budget projects a year-end fund balance of $\$ 2.18$ million, which would equate to a reserve ratio equal to $115.81 \%$ of expenditures. In contrast, the fund ended FY 2023 with an unencumbered fund balance of $\$ 2.34$ million, which was $\$ 568.9$ thousand higher than year projected and would equate to a reserve ratio equal to $165.61 \%$ of expenditures/encumbrances. The fund ended 2022 with an unencumbered fund balance of $\$ 1.73$ million, which was $\$ 184.8$ thousand ( $11.99 \%$ ) higher than year-end 2021 and was equal to $125.4 \%$ of FY 2022 spending.

As you can see from the chart above, the balance in the Water Utility fund has been fluctuating between $\$ 886.8$ thousand and $\$ 2.51$ million. The trend line illustrates that the overall trend, however, is that the fund balance is a steady increase in fund balance over the 5 -year period. The April 2018 spike in spending is the result of transfers to the water debt service (604) fund. Except for that anomaly, revenues have generally been in excess of expenditures resulting in the trend line to be positively sloped.

balance in the fund increased to approximately $\$ 1.65$ million, and it increased to $\$ 1.86$ million at year-end 2022. In 2023 the fund balance increased to $\$ 2.51$ million. From 2024 through 2028, however, the fund balance is expected to decline to $\$ 1.18$ million ( $63.87 \%$ carryover ratio) at the end of FY 2028 (see chart at the bottom of the previous page). This chart has been updated with the approved 2024 budget data through 2028.

## THIS PAGE INTENIONALLY LEFT BLANK

## Sewer Operations Fund (651)

Revenue - The Sewer Operations fund's primary revenue sources are charges for service and other sources, and the fund has a 2024 revenue budget of approximately $\$ 1.87$ million. On a year to-date basis, the fund has been credited with total revenue of approximately $\$ 652.9$ thousand, which represents $34.92 \%$ of budget. The total is down by $\$ 47.3$ thousand ( $6.75 \%$ ) from the same four-month period in 2023.

> Sewer Fund Revenue Budget by Source

## Sewer Fund Revenue <br> Budget vs YTD Actual

Charges for service represent the primary revenue category in this fund and have a 2024 budget of approximately $\$ 1.84$ million ( $98.29 \%$ of budget). Year to-date revenues credited to the fund are approximately $\$ 611.6$ thousand, or $33.28 \%$ of budget. The 2024 collections amount to date represents a decrease of \$59.7 thousand
 (8.89\%) in 2024 over collections in 2023. In comparison, collections for the same four-month period in 2023 were $\$ 671.3$ thousand and were about $29.36 \%$ of fullyear collections and the 2022 rate was equal to $33.37 \%$.

The other revenue category, Other Sources, has a 2024 budget of $\$ 32.0$ thousand. These revenues can vary widely and are not material to the total. The revenues account for investment income, as well as any other miscellaneous non-usage related fees and charges. To date, the city has received $\$ 41.3$ thousand, which is $\$ 12.4$ thousand (43.05\%) higher than FY 2023 and is due to increased investment earnings.

Expenditures - The Sewer Operations fund has a total appropriated expenditure budget for 2024 of approximately $\$ 2.26$ million. Total spending through April 30 was approximately $\$ 843.6$ thousand, or $37.40 \%$ of budget. Excluding interfund transfers from the calculation results in spending equal to $24.92 \%$ of budget. Including encumbrances (e.g., purchase orders) of $\$ 536.9$ thousand in the total results in total committed spending equal to $53.47 \%$ of budget. Compared to the same four-month period in 2023 (and excluding transfers), the total is up by $\$ 84.5$ thousand ( $22.0 \%$ ) and is due to increased spending in the Salary \& Related and Contractual Services budget categories; partially offset by reduced spending in the General Operating and Capital Outlay budget categories.

## Sewer Fund Expense Budget by Category

## Sewer Fund Spending

 Budget vs YTD Actual(excludes encumbrances)

For 2023, the largest expense budget category for the Sewer fund is salaries, wages and other employeerelated costs with a budget of $\$ 870.8$ thousand, or $38.61 \%$ of the total fund budget. Spending through April 30 (excluding encumbrances) was $\$ 232.3$ thousand, or $26.68 \%$ of the budget. The positive budget variance ( $\$ 57.9$ thousand below budget) is primarily the result of there being open positions and reduced employee HRA account funding. Spending in this category is up by $\$ 55.7$ thousand ( $31.52 \%$ ) from the level in 2023 and is the result of increased wage rates/steps and employee HRA funding in 2024.

Contractual services is the next major expense category in the Sewer fund. The 2024 budget in this category is $\$ 574.9$ thousand ( $25.49 \%$ of budget) and provides for non-employee personal services. Spending through April 30 was $\$ 140.1$ thousand ( $24.37 \%$ of budget). Including encumbrances (e.g. purchase orders) in the total, results in a finding that $69.59 \%$ of the budget has been either spent or committed to be spent. It is important to note that much of the spending in this category does not tend to follow a linear path; rather, it is typically disbursed in large 'chunks' to the vendors and consultants when the services are provided. We regularly monitored this category closely during 2023 to ensure that spending remained within the approved budget and will continue to do so in 2024.

General operating expenditures represent another major expense category. It combines a number of other basic types of expenditures including operating supplies, equipment, utilities and other miscellaneous expenses. It has a 2024 budget of $\$ 424.1$ thousand, or $18.80 \%$ of the fund budget. Spending through April 30 was $\$ 96.2$ thousand, or $22.68 \%$ of budget. Including encumbrances (e.g., purchase orders) of $\$ 143.8$ thousand in the total results in a spending ratio of $56.57 \%$ of budget. Many of these 2024 purchase orders encumber full-year spending and had the effect of overstating the impact of the encumbrances during the
year. Compared to the same four-month period in 2023, spending in this category is down by $\$ 3.1$ thousand, or 3.14\%.

The approved 2024 budget includes total interfund transfers of $\$ 375.0$ thousand which are being transferred to the Sewer Debt Service (654) fund to meet the department's obligations on the system's portion of the outstanding utility-related debt. This was a significant change as there weren't any interfund transfers in 2016 through 2019 for debt service funding support. This transfer was made during the month of February.

Fund Balance - The Sewer Operations fund is the primary operating account for the city from which expenses associated with the operation of the city's wastewater treatment operations are paid. Fund balance represents the accumulation of prior period revenues minus expenses. The fund balance can be used in future periods to stabilize fluctuations in revenues, or during periods of greater than typical spending. Evaluating the fund balance (and the corresponding revenues and expenses) is a valuable exercise in that it provides insight as to trend (increasing or decreasing) and capacity (will the fund have adequate resources to pay future expenses?).

The chart above plots revenue, expenditures and fund balance since January 2018. The solid color lines represent actual numbers, and the dotted lines represent projections for the rest of the year. A trend line has also been added to the chart to smooth out the periodic ups and downs and provide a smoothed trend of the fund balance over the time horizon of the chart.

The FY 2024 budget projects a year-end fund balance of $\$ 3.59$ million, which equates to a reserve ratio equal to $159.20 \%$ of expenditures. In contrast, the fund ended FY 2023 with an unencumbered fund balance of $\$ 3.81$ million, which was up by $\$ 709.7$ thousand (22.91\%) from December 2022 and equates to a reserve ratio equal to $205 \%$ of expenditures. The fund ended 2022 with an unencumbered fund balance of $\$ 3.10$ million, which

Revenue, Expenditure \& Fund Balance - Sewer Fund 2018-2028
was down by $\$ 426.2$ thousand (12.09\%) from FY 2021 and was equal to $142.68 \%$ of FY 2022 spending (including carry over encumbrances).

As you can see from the chart at the bottom of the previous page, the balance in the Sewer Operations fund increased consistently from 2018 through 2023 (with the exception of 2022 that experienced a slight decline). Revenues have tracked fairly closely to, or exceeded, revenues over the years covered by the graph, resulting in an upward sloping fund balance.

Based upon current estimates of revenues and expenditures, the current projections call for the fund balance to decline annually over the next five years (see chart at the bottom of the previous page), with expenditures generally exceeding revenues. The fund is projected to end 2028 with a fund balance of $\$ 1.23$ million, or a ratio of $33.65 \%$. This chart has been updated with the approved 2024 budget data through 2028.

## Shareholder Message Center

Did you know that you can schedule transactions up to 30 days in advance both online and via telephone? Scheduling transactions in advance allows you the freedom to plan your time effectively and adapt to unexpected changes while also allowing the STAR Ohio Fund to select investments in advance to achieve the best yield possible for its participants.

As a reminder, STAR Ohio does not accept check purchases nor allow check redemptions.
STAR Ohio will be closed on Monday, May 27 in observance of Memorial Day and Wednesday, June 19 in observance of Juneteenth.
The market will close early on Friday, May 24, 2024. The deadline for all transactions will be 1:00 p.m. on this day.
For questions or to make updates to your account, please contact STAR Ohio Monday through Friday from 8:30 a.m. to 5:00 p.m. at 1.800.648.STAR(7827) or by email at info@starohio.com.

IntraFi Cash Service ${ }^{\text {SM }}$, or ICS ${ }^{\circledR}$, Monthly Statement
The following information is a summary of activity in your account(s) for the month of April 2024 and the list of FDIC-insured institution(s) that hold your deposits as of the date indicated. These deposits have been placed by us, as your agent and custodian, in deposit accounts through IntraFi Cash Service. Funds in your deposit accounts at the FDIC-insured institutions at which your funds have been placed will be "deposits," as defined by federal law.
